Gabriel Resources Ltd.

Notice of 2020 Annual General and Special Meeting of
Shareholders

Management Information Circular

August 12, 2020

LETTER TO SHAREHOLDERS

August 12, 2020

Dear Shareholder,

It is my pleasure to inform you that the Annual General and Special Meeting of shareholders of Gabriel Resources Ltd. (“**Gabriel**”) will be held on Thursday, September 17, 2020 at 9:30 a.m. (Pacific Time) at the offices of Stikeman Elliott LLP, 666 Burrard Street, Suite 1700, Vancouver, British Columbia V6C 2X8, Canada (the “**Meeting**”).

The items of business to be considered at the Meeting are described in the Notice of Annual General and Special Meeting of shareholders of Gabriel and accompanying Management Information Circular. We encourage you to vote, which can be done easily by following the instructions set out in the Management Information Circular.

Although we usually welcome the attendance of all shareholders at our Meeting, given the ongoing COVID-19 pandemic, we strongly discourage shareholders from attending the Meeting in person this year. While open engagement with our shareholders is of utmost importance to our Board and management, this year the health and safety of our shareholders, employees and society must take precedence. We anticipate shareholders who are not in attendance will not have the ability to vote by electronic means during the Meeting. As always, we encourage shareholders to vote their common shares prior to the meeting by following the instructions under the heading "Voting Instructions" in Part I of the accompanying Management Information Circular.

I thank you for your interest in Gabriel and I urge you to exercise your right to vote.

Sincerely,

(Signed)

Keith Hulley
Chairman of the Board of Directors

GENERAL INFORMATION

GENERAL

It is anticipated that copies of this Management Information Circular ("**Circular**"), the Notice of Meeting, and accompanying form of proxy will be distributed to shareholders on or about August 21, 2020.

Unless otherwise indicated, the information in this Circular is given as at August 12, 2020, all dollar references in this Circular are to Canadian dollars, and all references to financial results are based on the audited consolidated financial statements of Gabriel Resources Ltd. ("**Gabriel**" or the "**Company**") as at and for the year ended December 31, 2019 prepared in accordance with International Financial Reporting Standards.

Information in this Circular as to the shares of Gabriel ("**Shares**") beneficially owned, controlled or directed by certain shareholders is not within the knowledge of the Company and, accordingly, has been obtained by the Company from publicly-disclosed information and/or furnished by such shareholders.

In-Person Attendance at Meeting Discouraged in Light of COVID-19 Pandemic

The Company intends to hold the Meeting in person. However, in view of the evolving COVID-19 situation, the Company strongly encourages shareholders not to attend the Meeting in person. As always, the Company encourages shareholders to vote their Shares prior to the Meeting by following the instructions under the heading "Voting Instructions" in this Part I of the Circular. The Company may take additional precautionary measures in relation to the Meeting in response to further developments with the COVID-19 pandemic. In the event it is not possible or advisable to hold the Meeting in person, the Company will announce alternative arrangements for the Meeting as promptly as practicable, which may include holding the Meeting entirely by electronic means, telephone or other communication facilities.

SOLICITATION OF PROXIES

The information contained in this Circular is furnished in connection with the solicitation of proxies from holders of Shares. These proxies will be used at the Annual General and Special Meeting of shareholders of the Company ("**Meeting**") to be held on Thursday, September 17, 2020 at 9:30 a.m. (Pacific Time) at the offices of Stikeman Elliott LLP, 666 Burrard Street, Suite 1700, Vancouver, British Columbia V6C 2X8, or any adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Meeting. It is expected that the solicitation will be made primarily by mail, but proxies and voting instructions may also be solicited personally or by telephone by the Company. **The solicitation of proxies by this Circular is being made by or on behalf of the management of the Company and the cost of the solicitation of proxies will be borne by the Company.**

VOTING INSTRUCTIONS

Who may vote?

You are entitled to vote at the Meeting (or any adjournment thereof) if you are a holder of Shares as of the close of business on August 12, 2020, the record date for the Meeting ("**Record Date**"). Each Share is entitled to one vote.

What is being voted on at the Meeting?

You will be voting on:

- the election of directors of the Company, to hold office until the close of the next annual meeting;
- the appointment of PricewaterhouseCoopers LLP as auditor of the Company until the close of the next annual meeting and authorization of the directors to fix its remuneration; and

- the approval of the continuation of the incentive stock option plan of the Company.

A simple majority of votes (50% plus one vote) cast at the Meeting in person or by proxy is required to approve the auditor appointment and the continuation of the incentive stock option plan. With respect to the election of directors, see section entitled "*Majority Voting for Directors*" below.

How to Vote

The Company intends to hold the Meeting in person. However, in view of the evolving COVID-19 situation, the Company strongly encourages shareholders not to attend the Meeting in person. As always, the Company encourages shareholders to vote their Shares prior to the Meeting by following the instructions in this section of the Circular.

How you vote depends on whether you are a registered shareholder or a non-registered shareholder.

Registered Shareholders

You are a registered shareholder if your Shares are held in your name and you have a Share certificate or if you hold your Shares through the Direct Registration System. Registered shareholders may vote their Shares by one of the following methods:

- Attendance at the Meeting - If you plan to attend the Meeting and vote your Shares in person your vote will be recorded and counted at the Meeting. You do not need to complete and return the form of proxy. Please register with a representative of Computershare Investor Services Inc. ("**Computershare**"), the transfer agent, upon arrival at the Meeting; or
- Appointment of another person - If you are unable to attend the meeting, or if your Shares are registered in the name of a corporation, your Shares may still be counted at the Meeting by authorizing another individual, a so-called "*proxyholder*", to attend the Meeting and vote your Shares (see section entitled "*Voting by Proxy*" below).

Voting by Proxy

Appointment of Proxies

You can use the enclosed form of proxy, or any other legal form of proxy, to appoint a proxyholder.

The persons named in the enclosed form of proxy are representatives of management of the Company. **You have the right to appoint another person (who need not be a shareholder) to represent you at the Meeting. You may appoint another person by inserting that person's name in the blank space set out in the form of proxy provided or by completing another legal form of proxy.** By properly completing and returning a form of proxy, you are authorizing the individual named in the form to attend the Meeting and to vote your Shares.

To be valid, a form of proxy must be completed, signed, dated and deposited with Computershare: (i) by mail using the enclosed return envelope or one addressed to Computershare Investor Services Inc., Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1, Canada; (ii) by hand delivery to the aforementioned address; or (iii) by fax to 1-416-263-9524 or toll-free within North America 1-866-249-7775, **no later than 9:30 a.m. (Pacific Time) on Tuesday, September 15, 2020** or, if the Meeting is postponed or adjourned, at a time and on a day other than a Saturday, Sunday or holiday which is at least 24 hours before the time of such reconvened meeting.

If the Shares are registered in more than one name, all those in whose names the Shares are registered must sign the form of proxy. If the Shares are registered in the name of your corporation or any name other than yours, you may be required to provide documentation that proves you are authorized to sign the form of proxy.

NOTE: It is important to ensure that any other person you appoint is attending the Meeting and is aware that his or her appointment to vote your Shares has been made. All proxyholders should, upon arrival at the Meeting, present themselves to a representative of Computershare.

Exercise of Discretion by Proxies

The Shares represented by your form of proxy must be voted or withheld from voting in accordance with your instruction on the form and, if you specify a choice with respect to any matter to be acted upon, your Shares will be voted accordingly. If you have not specified how to vote on a particular matter, if any amendments are proposed to any matter, or if other matters are properly brought before the Meeting, then, in each case, your proxyholder can vote your Shares as your proxyholder sees fit.

If you complete and return your form of proxy properly appointing representatives of management as your proxy but do not specify how you wish the votes to be cast, your Shares will be voted as follows:

- **FOR** the election of those nominees for director as set out in this Circular;
- **FOR** the appointment of PricewaterhouseCoopers LLP as auditor and the authorization of the directors to fix the auditor's remuneration; and
- **FOR** the approval of the continuation of the incentive stock option plan of the Company.

As of the date of this Circular, the management of the Company does not intend to present any other business at the Meeting and is not aware of any amendment, variation or other matter expected to come before the Meeting.

Non-Registered Shareholders

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most of Gabriel's shareholders are "*non-registered*" shareholders. You are a non-registered (or beneficial) shareholder if your Shares are registered in the name of:

- an intermediary such as a bank, a trust company, a securities broker, a trustee or other nominee ("**Intermediary**"); or
- a clearing agency such as the Canadian Depository for Securities Limited ("**CDS**"), of which the Intermediary is a participant.

Most shareholders of the Company are non-registered shareholders because the Shares they own are not registered in their names but are instead registered in the name of an Intermediary.

There are two kinds of non-registered shareholders: those who object to their Intermediary disclosing ownership information about themselves to Gabriel, referred to as objecting beneficial owners ("**OBOs**"), and those who do not object to the Company knowing who they are, referred to as non-objecting beneficial owners ("**NOBOs**"). Subject to the provisions of National Instrument 54-101 – Communication with Beneficial Owners of Securities of Reporting Issuers ("**NI 54-101**"), issuers can request and obtain a list of their NOBOs from Intermediaries via their transfer agents and use the NOBO list for distribution of proxy-related materials directly to NOBOs.

Non-Objecting Beneficial Owners

The Company has decided to take advantage of those provisions of NI 54-101 that permit it to directly deliver proxy related materials to its NOBOs who have not waived the right to receive them. By choosing to send these materials to you directly, the Company (and not the Intermediary holding Shares on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. As a result, NOBOs can expect to receive a voting instruction form ("**VIF**"), together with the Notice of Meeting, this Circular, and related documents from Computershare (the "**Meeting Materials**"). These VIFs are to be completed and returned to Computershare in accordance with the instructions provided by Computershare. In this regard, Computershare is required to follow the voting instructions properly received from NOBOs.

Computershare will tabulate the results of the VIFs received from NOBOs. Should a NOBO wish to vote at the Meeting in person, the NOBO must insert the name of the NOBO in the space provided on the VIF, and attend the Meeting and vote in person. **NOBOs should carefully follow the instructions of Computershare, including those regarding when and where to complete the VIFs that are to be returned to Computershare.**

NOBOs who wish to change their vote must contact Computershare to arrange to change their vote in sufficient time in advance of the Meeting.

Objecting Beneficial Owners

In accordance with the requirements of NI 54-101, we have distributed copies of the Meeting Materials to the clearing agencies and Intermediaries for onward distribution to OBOs. Intermediaries are required to forward the Meeting Materials to OBOs unless, in the case of certain proxy-related materials, the OBO has waived the right to receive them. Very often, Intermediaries will use service companies to forward the Meeting Materials to OBOs. With those Meeting Materials, Intermediaries or their service companies should provide OBOs with a "request for voting instruction form" which, when properly completed and signed by such OBO and returned to the Intermediary or its service company, will constitute voting instructions which the Intermediary must follow.

The purpose of this procedure is to permit OBOs to direct the voting of the Shares that they beneficially own. Should an OBO wish to vote at the Meeting in person, the OBO should follow the procedure in the request for voting instructions provided by the Company on behalf of the Intermediary and request a form of legal proxy which will grant the OBO the right to attend the Meeting and vote in person.

OBOs should carefully follow the instructions of their Intermediary, including those regarding when and where the completed request for voting instructions is to be delivered. The Company will pay for Intermediaries to forward the Meeting Materials to OBOs under NI 54-101. **In any event, OBOs should carefully follow the instructions of their Intermediaries and their service companies, as the case may be.**

OBOs who wish to change their vote must arrange for their respective Intermediaries to change their vote in sufficient time in advance of the Meeting.

Revocation of a Proxy or Voting Instruction

If you are a registered shareholder and have returned a form of proxy, you may revoke it by:

- (i) completing and signing another form of proxy bearing a later date, and delivering it to Computershare Investor Services Inc., Proxy Department at 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1 (Fax: +1-416-263-9524 or toll-free within North America 1-866-249-7775) by no later than 9:30 a.m. (Pacific Time) on Tuesday, September 15, 2020 or, if the Meeting is postponed or adjourned, at a time and on a day other than a Saturday, Sunday or holiday which is at least 24 hours before the time of such reconvened meeting.; or
- (ii) delivering a written statement signed by you (or by someone you have authorized properly to act on your behalf) stating that you wish to revoke your proxy to:
 - (a) the Corporate Secretary of Gabriel Resources Ltd. at the registered office of the Company (Suite 200 - 204 Lambert Street, Whitehorse, Yukon Y1A 1Z4, Canada) at any time up to and including 9:30 a.m. (Pacific Time) on the last business day prior to the Meeting, or the business day preceding the day to which the Meeting is adjourned; or
 - (b) to the Chairman of the Meeting prior to the commencement of the Meeting or any postponement or adjournment of the Meeting; or
- (iii) following any other procedure that is permitted by law.

If you are a non-registered shareholder and wish to revoke your VIF or proxy form, you should contact Computershare or your Intermediary (as described above).

Further Questions

If you have a question regarding the Meeting, please contact Computershare at 1-800-564-6253 (toll free within North America) or +1-514-982-7555 (international direct dial) or visit the website at www.computershare.com.

PART II
BUSINESS OF THE MEETING

FINANCIAL STATEMENTS AND AUDITOR'S REPORT

The audited consolidated financial statements of the Company for the year ended December 31, 2019 ("**Financial Statements**") and the report of the auditor thereon will be placed before the Meeting. Approval of the shareholders is **not** required in relation to the Financial Statements.

ELECTION OF DIRECTORS

Number of Directors

The articles of the Company provide for the Board of Directors of the Company ("**Board**" or "**Board of Directors**") to consist of a minimum of three and a maximum of twenty-one directors.

Currently, the Board is comprised of ten directors. Messrs. Hulley, Kirk and Gusenbauer have notified the Board of their intention not to stand for re-election at the Meeting and the Board wishes to record its sincere appreciation and gratitude to the retiring directors for their leadership, dedication and valuable contributions to the Company during their tenure. The Board, following the recommendation of the Corporate Governance and Compensation Committee of the Board ("**CGC Committee**"), has determined that the Board can function effectively with seven directors and is proposing the remaining seven directors of Gabriel as nominees for re-election as follows:

Dag Cramer

Walter Segsworth

Ali Erfan

Janice Stairs

Dan Kochav

Dragos Tanase

David Peat

All of the proposed nominees were elected to their present term as directors by the shareholders at the annual general and special meeting of the Company held on June 20, 2019. The term of office of each of the present directors expires at the close of the Meeting. For further information on the proposed nominees for election as directors, see "*Nominees for Election to the Board*" in Part III of this Circular.

Each nominee has confirmed his or her eligibility and willingness to serve as a director if elected and, in the opinion of the Board and management, the proposed nominees are qualified to act as directors of the Company. The term of office of each director is from the date of the meeting at which he or she is elected or appointed until the close of the next annual general meeting of shareholders or until a successor is elected or appointed or such director resigns.

Management and the Board recommend that shareholders vote FOR the election of the named nominees.

Unless authority to do so is withheld, the persons named in the enclosed form of proxy intend to vote **FOR** the election of the proposed nominees. Management does not expect that any of the nominees will be unable to serve as a director but, if that should occur for any reason prior to the Meeting, the persons named in the enclosed form of proxy reserve the right to vote for another nominee at their discretion unless the form of proxy specifies that the Shares are to be withheld from voting in the election of directors.

Majority Voting for Directors

The Board has adopted a policy requiring that any nominee for director who receives a greater number of “withhold” votes than votes “for” his or her election as a director shall submit his or her resignation to the CGC Committee for consideration promptly following the Meeting. This policy applies only to uncontested elections, meaning elections where the number of nominees for directors is equal to the number of directors to be elected. The CGC Committee shall consider the resignation and shall provide a recommendation to the Board.

The Board will consider the recommendation of the CGC Committee and determine whether to accept the resignation within 90 days of the applicable Meeting. A news release will be issued by Gabriel announcing the Board’s determination, a copy of which will be sent to the Exchange. The Board will accept the resignation absent exceptional circumstances. If the Board does not accept the resignation, the news release will fully state the reasons for the decision. A director who tenders his or her resignation will not participate in any meetings to consider whether the resignation shall be accepted.

Shareholders should note that, as a result of the majority voting policy, a “withhold” vote is effectively the same as a vote against a director nominee in an uncontested election.

APPOINTMENT OF AUDITOR

Management and the Board propose that PricewaterhouseCoopers LLP (“PWC”) be appointed as Gabriel’s auditor until the close of the next annual meeting. It is also proposed that the remuneration to be paid to the auditor of the Company be fixed by the Board. PWC has been Gabriel’s auditor for more than five years.

Fees payable to PWC in 2018 and 2019 are detailed below.

	<i>Year ended December 31, 2019</i>	<i>Year ended December 31, 2018</i>
	(\$)	(\$)
Audit Fees⁽¹⁾	157,000	159,000
Audit-Related Fees⁽²⁾	53,000	52,000
Tax and Other Fees⁽³⁾	69,000	8,000
All Other Fees⁽⁴⁾	2,000	2,000
Total	281,000	223,500

Notes:

- (1) All services performed by PWC in connection with the review of annual audited consolidated financial statements of Gabriel, including services performed to comply with International Financial Reporting Standards.
- (2) All Audit-Related Fees were paid for professional services rendered by PWC for (i) review of the quarterly financial statements of Gabriel and management discussion and analysis (“MD&A”) in accordance with generally accepted standards for a review; (ii) review of annual financial statements of Gabriel’s wholly or majority owned, offshore subsidiaries; and (iii) such other services as may be designated by the Audit Committee from time to time as Audit Related Services.
- (3) All services performed by PWC which are not Audit services or Audit Related services including, without limitation: (i) services in connection with tax planning, compliance and advice; and (ii) such other services as may be designated by the Audit Committee from time to time as Tax and Other Services.
- (4) All other services performed by PWC.

The Audit Committee is responsible for the pre-approval of all audit, audit-related, tax related and other services provided by the Company’s appointed external auditor.

The Board recommends that shareholders vote FOR the re-appointment of PWC as the Company’s auditor.

Unless authority to do so is withheld, the persons named in the enclosed form of proxy intend to vote **FOR** this appointment.

APPROVAL OF CONTINUATION OF INCENTIVE STOCK OPTION PLAN

Shareholders will be asked to consider and, if thought appropriate, pass a resolution approving the continuation of the existing incentive stock option plan (the "**Option Plan**") of the Company.

Pursuant to the Option Plan, incentive stock options to acquire Shares (an "**Option**") may be granted to a director, officer, employee or consultant of Gabriel or any of its subsidiary companies ("**Gabriel Group**") and the Company accordingly allocates Shares for issuance under outstanding Options. Pursuant to the policies of the Exchange, the Company is required to obtain shareholder approval of the Option Plan each year because the Option Plan is a rolling-maximum option plan whereby the maximum number of Shares that may be allocated for issuance and which can be purchased upon the exercise of all Options granted under the Option Plan is fixed at 10% of the issued and outstanding Shares (calculated on a non-diluted basis) from time to time. As a result, should the Company issue additional Shares in the future, the number of Options to acquire Shares issuable under the Option Plan will increase accordingly. The Option Plan was last approved by shareholders on June 20, 2019.

A summary of the Option Plan is set out under the section entitled "*Compensation Discussion and Analysis – Components of Executive Compensation*" in Part V of this Circular and the section entitled "*Summary of Existing Share-Based Compensation Plans*" in Part B of the Appendix of this Circular. A copy of the Option Plan is also set out in Part C of the Appendix of this Circular.

Option Plan Resolution

At the Meeting, shareholders will be asked to consider and, if deemed advisable, to approve, with or without variation, the following resolution to approve the Option Plan:

"RESOLVED THAT:

1. *the continuation of the incentive stock option plan of the Company, as set out in Part C of the Appendix to the Management Information Circular of the Company dated August 12, 2020, (the "Stock Option Plan"), be and it is hereby re-approved;*
2. *the Stock Option Plan may be amended in order to satisfy the requirements or requests of any regulatory authorities or the TSX Venture Exchange without requiring further approval of the shareholders of the Company; and*
3. *any director or officer is hereby authorized to execute and deliver all such deeds, documents and other writings and perform such acts as may be necessary in order to give effect to foregoing resolution and the board of directors of the Company from time to time, is hereby authorized to grant options in the capital stock of the Company in accordance with the provisions of the Stock Option Plan and the policies of the TSX Venture Exchange."*

In order to be passed, the resolution requires approval by more than 50% of the votes cast by shareholders, either present in person or represented by proxy, at the Meeting.

The Board recommends that shareholders vote FOR the continuation of the Option Plan.

Unless authority to do so is withheld, the persons named in the enclosed form of proxy intend to vote **FOR** the approval of this resolution.

OTHER BUSINESS

As of the date of this Circular, management does not intend to present any other business at the Meeting and is not aware of any amendment, variation or other matter expected to come before the Meeting. However, if any other matters are properly brought before the Meeting, it is the intention of the persons named in the enclosed form of proxy to vote on such matters in accordance with their best judgment.

NOMINEES FOR ELECTION TO THE BOARD

NOMINEES FOR ELECTION

The following tables set out, amongst other information, the name and biographical information of each nominee for election to the Board, including (i) present principal occupation; (ii) those principal occupations and public company directorships held during the past five years; and (iii) whether or not the nominee has been determined by the Board to be independent under Canadian securities laws. The tables also set out the number of Shares, deferred share units (“**DSUs**”), restricted share units (“**RSUs**”) and outstanding Options held by the nominees for each of the last three financial years, and the reported accounting value of securities held as at December 31 in each of those respective financial years. DSUs and RSUs are collectively referred to as “**Share-based awards**” in this Circular.

The information included within the tables is presented on the following basis of preparation:

- A. The Board is responsible for determining whether or not each director is independent. In determining independence, the Board took into consideration, amongst other matters, the definition of independence in National Instrument 58-101 - Disclosure of Corporate Governance Practices. See the section entitled "*Independence of Board Members*" in Part VI of this Circular.
- B. Areas of expertise reflect the skills matrix self-assessment information set out under the section entitled "*Skills Matrix*" in Part VI of this Circular, and reflects a subset of the skills for each director.
- C. The information as to residence, age, principal occupation and number of Shares beneficially owned or over which control or direction is exercised, not being within the knowledge of Gabriel, has been provided by the respective nominee.
- D. For a description of the Company’s policy on minimum ownership expectations of directors, see the section entitled "*Directors’ Share Ownership Requirements*" in Part IV of this Circular.
- E. The tables set out the attendance record of each nominee for election to the Board at meetings of the Board or its Committees during 2019.

CEASE TRADE ORDERS, BANKRUPTCIES, PENALTIES AND SANCTIONS

General

To Gabriel's knowledge and except as disclosed below, no nominee for director is or has been in the last ten (10) years a director, chief executive officer or chief financial officer of any company that: (a) was subject to an order that was issued while the nominee was acting in that capacity, or (b) was subject to an order that was issued after the nominee ceased to act in that capacity and which resulted from an event that occurred while that person was acting in that capacity. For the purposes of the foregoing, "order" means (i) a cease trade order, (ii) an order similar to a cease trade order, or (iii) an order that denied the relevant company access to any exemption under securities legislation, which was in effect for a period of more than 30 consecutive days

To Gabriel's knowledge and except as disclosed below, no nominee for director: (a) is or has been in the last ten (10) years a director or executive officer of any company that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets, or (b) has in the last ten (10) years become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

Specific disclosures

Mr. Kochav has been a director of Crystallex International Corporation (“**Crystallex**”), a company formerly listed on the TSX and the NYSE AMEX, since June 2019. On December 23, 2011, Crystallex voluntarily applied for and obtained an order (“**Initial Order**”) from the Ontario Superior Court of Justice (Commercial List) granting protection under the Companies’ Creditors Arrangement Act (CCAA). Crystallex sought protection under the CCAA as it was unable to pay \$100,000,000 of senior unsecured notes which became due on December 23, 2011. The Initial Order provided for a general stay of proceedings for 30 days; however, subsequent court orders extended the stay until November 6, 2020.

On April 13, 2012, the Ontario Securities Commission (“**OSC**”) issued a temporary CTO against Crystallex under National Policy 12-203 for failing to file its audited financial statements and other annual disclosure documents by March 30, 2012 as required by Canadian securities laws in respect of Crystallex’s financial year ended December 31, 2011. The CTO prohibited trading of Crystallex’s securities, other than trades made pursuant to debtor-in-possession financing as approved by the Ontario Superior Court of Justice (Commercial List) in connection with the CCAA proceedings and trades for nominal consideration to realize tax losses. Subsequently, the OSC, together with the securities regulatory authorities in British Columbia and Quebec, issued permanent cease trade orders against Crystallex.

On December 12, 2012, the Division of Enforcement of the U.S. Securities and Exchange Commission (the “**SEC**”) advised Crystallex that it was reviewing the Crystallex’s registration in view of the Crystallex’s failure to comply with the timelines for certain of its filings under the Securities Exchange Act of 1934 (“**Securities Exchange Act**”). Crystallex subsequently reached a settlement with the SEC on May 1, 2013 consenting to the revocation of its registration under the Securities Exchange Act.

PART IV

DIRECTOR COMPENSATION FOR 2019

OBJECTIVES OF DIRECTOR COMPENSATION

The main objective of Gabriel's director compensation program is to attract and retain directors with a broad range of skills and knowledge relevant to the Company's operations, and the ability to successfully carry out the Board's mandate. Directors are required to devote significant time and energy to the performance of their duties, including preparing for and attending Board meetings, participating on committees and ensuring that they stay informed about the Company's business, Romania (as the country in which its principal assets are located), developments affecting the global mining industry and more recently process and trends in international arbitration, as well as their legal and regulatory obligations as stewards of a publicly traded company on the Exchange. In order to attract and retain directors who meet these expectations, the Board believes that it must offer a competitive compensation package.

The CGC Committee meets as necessary in order to review and receive any recommendations from its Chairman and, as deemed necessary, from compensation consultants with regard to the adequacy and form of directors' compensation.

DIRECTOR COMPENSATION STRUCTURE

Total compensation for non-executive directors, being those directors other than the President and CEO ("**non-executive directors**"), consists of annual retainers, payable quarterly in arrears, an annual equity award provided in the form of Options and a one-time grant of 80,000 DSUs to new directors, and, in respect of the Audit Committee, meeting fees.

Annual Retainers and Meeting Fees

The following table shows the annual retainer and meeting fees paid to the non-executive directors for the year ended December 31, 2019:

Notes:

- (1) During the year ended December 31, 2019, all directors were considered non-executive directors, except Mr. Tanase who currently serves as President and CEO of Gabriel. Mr. Tanase did not receive compensation related to his activities as a director, as he received compensation as President and CEO of Gabriel (see "*Compensation Discussion and Analysis – Compensation of Named Executive Officers*" in Part V). Mr. Kochav has elected not to receive compensation for his services as a non-executive director.
- (2) The meeting fee payable to members of the Audit Committee is only payable in respect of the four scheduled meetings of the Audit Committee in each year.

With effect from July 1, 2016, in consideration of measures necessary to reduce the cost base of the Company, and in the expectation that the time demands on directors would be reduced as a result of the Company's change in focus primarily from activities associated with mining to engagement in international bi-lateral investment treaty arbitration, the Board resolved to (i) reduce the annual retainers and meeting fees due to non-executive directors and (ii) provide that non-executive directors are required to receive at least fifty per cent of their director fees payable in DSUs or Options. It was also determined that non-executive directors would be entitled to elect to receive up to 100% of their annual retainers and meeting fees in DSUs or Options in lieu of cash. Certain non-executive directors subsequently elected to receive all of their director fees in one of these instruments.

In June 2018, the CGC Committee re-evaluated the compensation payable to the non-executive directors in the context of a limited review of compensation payable at similar entities within the mining sector and the time demands in carrying out their duties experienced since July 2016. The CGC Committee determined that the 2016 assumption of a reduced workload with the Company's focus on the ICSID Arbitration (as defined in Part V) against Romania had proved in reality to be inaccurate and concluded that time demands on the non-executive directors in connection with the ongoing arbitration process as well as the ongoing operation of Gabriel had not been reduced. Accordingly, the CGC Committee proposed to the Board that the adjustments to the compensation arrangements for the non-executive directors adopted in 2016 be reversed or amended with effect from July 1, 2018 as set out below:

- The annual retainer fee for the Chairman of the Board and each non-executive director be increased to the 2016 levels of \$110,000 and \$60,000 respectively;
- The annual fees for the Chairs of the Audit Committee and Arbitration Committee be increased to \$15,000 and the annual fee for the Chair of the CGC Committee be increased to \$7,500;
- The Audit Committee meeting fee (applicable to 4 meetings per annum) be increased to \$1,000 per meeting;
- All non-executive director fees to remain payable 50% in cash and 50% in DSUs or, at the election of the non-executive director, in Options, with the further alternative to take 100% of the non-executive director fees in DSUs or Options;
- Options taken in lieu of cash or DSUs are to vest immediately;
- Retention of a one-off award of 80,000 DSUs to each new non-executive director, and an annual grant of 75,000 Options to each non-executive director following his or her election at the annual general meeting of the Company; and
- All non-executive directors to be formally designated as Beneficiaries of the KEEP (as defined below).

On June 14, 2018, the Board resolved to approve and adopt the above-noted recommendations of the CGC Committee and such compensatory arrangements continue to apply as at the date of this document.

Non-Executive Directors' Equity Awards

Share-based Awards

In March 2014, following a decision to enhance equity ownership at Board level, the Board instituted a policy pursuant to which non-executive directors received 80,000 DSUs as additional compensation further to the conclusions of an independent benchmarking report on Chairman's and non-executive director's compensation compared to the Company's peers.

In December 2014, the Board determined that, as of January 2, 2015, a further award of 80,000 DSUs to each non-executive director should be made on that date and annually thereafter in order to maintain compensation at a level needed to achieve the Board's goals to attract and maintain the highest quality non-executive directors. No vesting conditions are attached to such DSUs, however DSUs can only be redeemed after termination of service on the Board.

In June 2016, the Board determined to discontinue the policy of annual award of DSUs, but also determined to grant a one-time award of 80,000 DSUs to newly appointed non-executive directors thereafter. As described above, the Board determined to continue this one-time grant policy in June 2018.

Option-based Awards

In June 2012, the Board adopted a policy pursuant to which non-executive directors would be entitled to receive an annual award of 75,000 Options immediately following the annual meeting of shareholders of the Company, with such Options vesting on a 1/36th per month schedule. In 2015, the Board adopted a policy that Options would have a 10 year life rather than the five year life previously used. In 2016, the Board determined that such annual award of Options would thereafter vest in equal annual instalments on the first, second and third anniversaries of the grant date. Also as described above, the Board determined in June 2018 to adjust the vesting policy as to Options taken in lieu of directors' fees so that such Options would vest immediately.

In June 2019, the CGC Committee evaluated certain changes to the annual Option award to non-executive directors. On the basis that the non-executive directors had been formally designated as Beneficiaries of the KEEP (as defined below) in 2018, the CGC Committee recommended to the Board a retention of the existing 75,000 annual Option grant but an adjustment of the vesting schedule of such Options to 50% vesting immediately and 50% vesting on the first anniversary of the date of grant – a recommendation that was adopted by the Board in June 2019.

Options issued prior to February 2018 have an exercise price based on the volume weighted closing share price on the TSX for the five trading days prior to the date of grant. Following the transfer to the Exchange in February 2018, the Option exercise price is based on the higher of the volume weighted closing share price on the Exchange for the five trading days prior to the date of grant and the closing share price on the Exchange for the trading day immediately prior to the date of grant.

In addition, non-executive directors may elect to take Options in lieu of director fees due. The table reflects all such Option-based awards using the grant date fair value, an estimate calculated using the Black-Scholes option pricing model. The Company selected the Black-Scholes model given its prevalence of use within North America.
- (4) Mr. Cramer elected, with effect from Q2 2019, to take 100% of his annual retainer as a member of the Board in the form of DSUs – prior to this election, a sum of \$7,500 was paid to him in cash in Q1 2019.

Notes:

- (1) The values expressed in this column are based on the difference between the market value of the securities underlying the instruments at December 31, 2019, being \$0.47, and the exercise price of the Option. Options issued on January 8, 2020 are included in this table as they relate to compensation for services during 2019.
- (2) Pursuant to the terms of the DSU Plan and individual grants, all DSUs vest upon the date of grant but only become redeemable upon a non-executive director ceasing to hold the position as a director or consultant of the Gabriel Group. DSUs granted on January 8, 2020 vested on the date of grant, but are included in this table as unvested at December 31, 2019 since they were not in issue at that date, notwithstanding that they relate to compensation for services during 2019.
- (3) The values expressed in this column are based on the market value of the securities underlying the instruments as at December 31, 2019, being \$0.47.
- (4) Mr. Erfan was appointed as a director of the Board on June 20, 2019 - his Share-based compensation includes 80,000 DSUs issued to him on appointment as a director.
- (5) Mr. Natbony did not stand for re-election as a director of the Board in 2019 and ceased to be a director effective June 20, 2019. As at the date of this document, all Options held by Mr. Natbony have either been exercised or have lapsed in accordance with their terms.

Notes:

- (1) Option-based awards – value vested during the year represents the aggregate dollar value that would have been realized in 2019 if Options had been exercised on the applicable vesting date. The value was determined by calculating the difference between the closing price on the Exchange, in Canadian dollars, of the Shares underlying the Options on the vesting date and the exercise price of the Options, times the number of Options vested.
- (2) Share-based awards – value vested during the year represents the value of DSUs issued during the year as of the grant date. The redemption price for DSUs is nil, hence the value vested during the year represents the market price of the underlying securities upon date of grant of the DSUs. The DSUs granted on January 10, 2019 are included in this table as, although the DSUs were granted for services provided prior to the grant date, they vested in 2019. The value vested of DSUs granted on January 8, 2020, which were for services provided during the year ended December 31, 2019, are not included in this table as they did not vest until the grant date.

KEEP PARTICIPATION

In 2018, in recognition of their efforts and contribution in respect of the ICSID Arbitration (as defined in Part V), all directors of the then Board, except Mr. Kay (who had previously elected not to receive compensation as a non-executive director), were formally designated as Beneficiaries of the key employee engagement plan (“KEEP”) of the Company. The ability of such non-executive directors to receive payment from the KEEP, if any, is at the absolute discretion of the trustees of the KEEP.

A description of the KEEP is set out in this Circular in Part V, Compensation Objectives and Philosophy.

DIRECTORS’ SHARE OWNERSHIP REQUIREMENTS

As described in Part VI of this Circular, the Board has not established guidelines with respect to minimum share ownership requirements by directors of the Company.

INDEBTEDNESS OF DIRECTORS, EXECUTIVE OFFICERS AND SENIOR OFFICERS

Other than as disclosed below, none of the directors, executive officers or senior officers of Gabriel, persons who served as directors, executive officers or senior officers at any time during 2019, or their respective associates, were at any time during the year indebted to Gabriel or its subsidiaries, either in connection with the purchase of Gabriel securities or otherwise.

In June 2018, the Company entered into a facility agreement with SC Total Business Land SRL (“**TBL**”), a Romanian limited liability company controlled by certain current and former employees of Gabriel’s indirectly majority-owned subsidiary, SC Roşia Montană Gold Corporation SA (“**RMGC**”), pursuant to which the Company agreed to lend in aggregate \$0.9 million to TBL. The Company made the loan available to TBL as part of its ongoing efforts to reduce the cost base of the Gabriel Group and to mitigate the adverse impacts of the down-scaling of its corporate activities in Romania by assisting affected individuals with alternative forms of employment or sustainable livelihood opportunities. The loan is repayable in May 2028 and accrues interest at a rate of 1% per annum and is secured by a mortgage over certain assets of the borrower and personal guarantees in favour of the Company by the principals of TBL. Mr. Tanase owns 20% of the share capital of TBL. As at December 31, 2019, TBL had drawn down the full amount of the loan and had repaid \$0.1 million.

PART V

COMPENSATION DISCUSSION AND ANALYSIS

COMPENSATION PHILOSOPHY AND OBJECTIVES

Introduction

For many years, Gabriel was focused principally on the exploration and development of the Roşia Montană gold and silver project in Romania (the “**Project**”). The Project, one of the largest undeveloped gold deposits in Europe, is situated in an area known as the Golden Quadrilateral in the South Apuseni Mountains of Transylvania, Romania, an historic and prolific mining district that since Roman times has been mined intermittently for over 2,000 years.

The exploitation concession license for the Project (“**License**”) is held by RMGC, a Romanian company in which Gabriel owns an 80.69% equity interest, with the 19.31% balance held by Minvest Roşia Montană S.A. (“**Minvest RM**”), a Romanian State-owned mining company.

Upon obtaining the License in 1999, RMGC along with Gabriel and its subsidiary companies focused substantially all of their management and financial resources on identifying and defining the size of the four ore bodies, engineering to design the size and scope of the Project, surface rights acquisitions, rescue archaeology and environmental assessment and permitting. Despite the Gabriel Group’s fulfilment of its legal obligations and its development of the Project as a high-quality, sustainable and environmentally-responsible mining project, using best available techniques, Romania has blocked and prevented implementation of the Project without due process and without compensation, effectively depriving the Gabriel Group entirely of the value of its investments.

On July 21, 2015, the Company and its wholly-owned subsidiary, Gabriel Resources (Jersey) Ltd. (together “**Claimants**”), filed a request for arbitration (“**Arbitration Request**”) before the World Bank’s International Centre for Settlement of Investment Disputes (“**ICSID**”) against the Romanian State (the “**Respondent**”) pursuant to the bilateral investment protection treaties which the Romanian Government has entered into with each of the Government of Canada and the Government of the United Kingdom of Great Britain and Northern Ireland for the Promotion and Reciprocal Protection of Investments (together the “**Treaties**”) (“**ICSID Arbitration**”). The presiding tribunal for the ICSID Arbitration (“**Tribunal**”) was originally constituted on June 21, 2016.

In light of the continued absence of any positive engagement by the Romanian State since the Arbitration Request, the ICSID Arbitration has become the Company’s core focus.

The Company is well advanced in the ICSID Arbitration process. To date, and in accordance with the procedural timelines established by the Tribunal, the parties have exchanged a number of substantial written submissions and participated in the first hearing on the merits of the claim, each as summarized below:

- The Claimants filed their memorial on the merits of the claim (“**Memorial**”) on June 30, 2017 detailing, amongst other things, the factual and legal arguments supporting their claim against Romania and the quantum of the damages sustained.
- On February 22, 2018, the Respondent filed its counter-memorial (“**Counter-Memorial**”) in response to the Memorial.
- On May 25, 2018, the Respondent filed a supplementary jurisdictional objection with ICSID (“**Jurisdictional Challenge**”) challenging the jurisdiction of the Tribunal to hear the claims presented by Gabriel Jersey;
- On November 2, 2018, the Claimants submitted their reply (“**Reply**”) to the Counter-Memorial and the Jurisdictional Challenge;

- On February 28, 2019, the Claimants and the Respondent filed their comments on an *amicus curiae* submission submitted to the Tribunal by certain non-governmental organizations (or “**non-disputing parties**”) who have opposed the Project for many years;
- On May 24, 2019, the Respondent filed its response to the Reply (“**Rejoinder**”) and its reply on the Jurisdictional Challenge, the Respondent’s final substantive submission;
- On June 28, 2019, the Claimants filed their surrejoinder on the Jurisdictional Challenge (“**Surrejoinder**”);
- An oral hearing on the merits of the claim was held in Washington D.C. between December 2 and December 13, 2019 (“**Hearing**”);
- On March 10, 2020, the Tribunal issued a list of questions arising from the evidence presented during the Hearing (“**Tribunal Questions**”);
- On April 10, 2020, the Claimants and the Respondent filed their comments on a written submission to the Tribunal by the European Commission as a “non-disputing party” in the ICSID Arbitration;
- On May 11, 2020, the Claimants provided their answers to the Tribunal Questions; and
- On July 14, 2020, the Respondent provided its answers to the Tribunal Questions.

The Hearing was the culmination of an extensive undertaking by the Claimants’ legal counsel, legal and other experts and fact witnesses, which focused on the evidentiary record in the case and allowed counsel for both parties to address issues on liability and jurisdiction. The Hearing also afforded the Tribunal the opportunity to hear testimony from certain of the parties’ fact and expert witnesses, as well as to address questions to each of the parties.

In October 2019, the Tribunal ruled that an additional one week oral hearing (“**Second Hearing**”) would be scheduled as soon as possible after the Hearing. The Second Hearing has been scheduled for the week of September 28, 2020. Given the ongoing impact of the COVID-19 pandemic on travel and the ability to form large gatherings, the parties have agreed that the Second Hearing will be held virtually. The parties have reached agreement on a joint proposed protocol for the conduct of the Second Hearing and have proposed to hold the hearing from Monday, September 28 to Sunday, October 4, 2020. The Second Hearing will focus on the technical and feasibility-related aspects of the Project and the quantum of the damages claimed with further related testimony from certain of the parties’ fact and expert witnesses.

The Tribunal has also indicated to the parties that they will each have the opportunity, following completion of the Second Hearing, to submit post-hearing briefs, to be filed simultaneously, in order to comment in conclusion on the full evidentiary record, as is typically permitted in such arbitrations (“**Post-Hearing Briefs**”). It is expected that the Tribunal will issue its decision thereafter. There is no specified timeframe in the ICSID Rules in which such a decision is to be made. The Company, however, is informed that it is typical for tribunals in this type of arbitration to require twelve to eighteen months to finalize and issue a decision after Post-Hearing Briefs are submitted. Furthermore, that decision may be subject to a request for annulment (albeit such request can only be on very limited grounds).

A summary of the procedural aspects of the ICSID Arbitration is available on ICSID’s website.

The principal activities of the Gabriel Group during the course of the year ended December 31, 2019 are summarised below in the section “*Measuring Individual Performance*”.

Compensation Objectives and Philosophy

In recent years the ICSID Arbitration has become the core focus of the Company, notwithstanding the fact that the Company has always remained open to engagement with the Romanian authorities in order to achieve an amicable resolution of the dispute.

The critical needs of the Company require significant cost control while motivating the remaining

management and employees to focus on the work necessary to deliver a successful outcome in the ICSID Arbitration and subsequent enforcement of any award, which may be a number of years away. This objective is as important for 2020 as it was for 2018 and 2019 as the treasury of the Company was, and continues to be, diminished by the significant costs involved with the ICSID Arbitration.

As described below in the section “*Measuring Individual Performance*”, both the ICSID Arbitration and actions of the Romanian State have been resource consuming and unpredictable over a number of years in the context of events arising or actions necessary for Gabriel to protect and preserve its core assets. This situation has continued to date and is expected to continue throughout the year as both parties to the ICSID Arbitration prepare for the critical Second Hearing in September 2020 and attend to the subsequent Post-Hearing Briefs.

The core objectives of the Company’s executive compensation program have been two-fold: firstly, to retain and motivate both the employee fact witnesses who are critical to the ICSID Arbitration claim and certain other executives who have the skills to manage, coordinate and execute the ICSID Arbitration process and who also possess important historical knowledge relevant to the ICSID Arbitration and, secondly, to retain and motivate executives who have the appropriate blend of skills and experience required to ensure that Gabriel’s existing licenses and permits remain in good standing and Gabriel retains its listed public company status.

As in prior years, in 2019 there was an overriding need to ensure the motivation of key personnel at a critical time with the Company absolutely focused on the preparation for the Hearing, as well as on cost control, including achieving the objective to secure further financing as treasury balances reduced significantly. Although additional funding was secured in September 2019, the cost of pursuit of the ICSID Arbitration is significant and given the delays that have beset the ICSID Arbitration timeline (including, in particular, Romania’s belated request to bifurcate the Hearing in September 2019), the Gabriel Group will require additional funding to pursue the ICSID Arbitration through to issuance of an arbitral award and to maintain and protect its primary assets in Romania. In that context, the Company will again need to balance: (i) the expectations of returns for shareholders from the ICSID Arbitration; with (ii) motivating management and employees to protect the assets of the Gabriel Group whilst continuing to pursue the ICSID Arbitration and dealing with the unpredictable actions of the Romanian State.

Accordingly, Gabriel must continue to ensure that its executive compensation objectives are designed to motivate and retain executives with the relevant skills and experience to optimize the chances of success in the ICSID Arbitration against a backdrop of: (a) high risk and uncertainty in the development and conclusion of the ICSID Arbitration; (b) the continued lack of engagement by Romania, indicating at present that there may be little or no possibility that the future development of the Project will come to pass; and (c) the limited prospect of any meaningful long-term future role with Gabriel once the Second Hearing and any Post-Hearing Briefs are concluded.

The Key Employment Engagement Plan

The KEEP is a long-term arbitration-focused incentive program initiated in 2015 and established by the Company in 2016 to ensure the long-term participation and incentivization of the Gabriel Group’s personnel, including its executive management, employees and non-executive directors (“**Beneficiaries**”), in the pursuit of the ICSID Arbitration through to a successful conclusion.

Since 2016, the KEEP has been used by the Company as a retention tool to ensure that the Gabriel Group’s executive management, key employees and other contributors are retained and incentivized for the duration of the execution of the ICSID Arbitration to protect and deliver on the Company’s strategic objectives.

The KEEP is a trust established by the Claimants, as settlors, pursuant to a certain trust agreement dated July 2016, as amended (“KEEP Trust Agreement”). Subject to its terms and conditions, the KEEP Trust Agreement provides that in the event that an award is made in favour of, or a settlement is accepted by, the Claimants in connection with the ICSID Arbitration proceedings, the Claimants will pay, or procure the payment, to the KEEP, following collection and receipt of the proceeds awarded to the Claimants (inclusive of any non-monetary consideration) and subject to the payment of any taxes, payable or required to be withheld by the Claimants or by law, cash equal to:

- (i) 7.5% of the first US\$500 million of the proceeds; and
- (ii) 2.5% of any amount of proceeds in excess of US\$500 million.

Subject to certain limitations in the KEEP Trust Agreement and the obligation on the trustees of the KEEP (“Trustees”) to award “mandatory minimum payments” to certain of the Beneficiaries if the proceeds received by the Claimants exceed a certain threshold, the Trustees have broad discretion (in the allocation to Beneficiaries of any monies paid into the KEEP by the Claimants) to recognise the contribution of each individual Beneficiary.

The Trustees are responsible for the operation of the KEEP including holding and administering the property of the KEEP for the benefit of the Beneficiaries in accordance with the purposes set down in the KEEP Trust Agreement. There are currently four Trustees, including Messrs. Hulley, Peat and Segsworth, and the former Chief Executive Officer of the Company, Mr. Henry. The Trustees are also Beneficiaries of the KEEP, but each Trustee is precluded from participating in any deliberations or decisions as to the amount, if any, that may be payable from the KEEP to that Trustee. The amount, if any, payable to a Trustee is at the total discretion of the other Trustees.

NAMED EXECUTIVE OFFICERS

This compensation discussion and analysis describes Gabriel’s compensation policies and practices for the President and Chief Executive Officer (“CEO”), the Chief Financial Officer (“CFO”) and the former Chief Financial Officer and the Group General Counsel and Corporate Secretary, being the other most highly compensated executive officer of the Gabriel Group, each being a Named Executive Officer (“NEO”) as such term is defined in Form 51-102F6V under National Instrument 51-102.

In 2019, the NEOs were:

<i>Name</i>	<i>Title</i>
	President & Chief Executive Officer
Dragos Tanase.....	Managing Director, RMGC ⁽¹⁾
	Chief Financial Officer and former Chief Commercial
Richard Brown.....	Officer ⁽²⁾
Simon Lusty.....	Group General Counsel & Corporate Secretary ⁽³⁾
Max Vaughan.....	Former Chief Financial Officer ⁽⁴⁾

Notes:

- (1) Mr. Tanase was appointed as President and Chief Executive Officer of the Company on August 8, 2018. Mr. Tanase has been the Managing Director of RMGC for 10 years, a position which he continues to hold. Mr. Tanase is employed by the Company as President & Chief Executive Officer and continues to serve as Managing Director of RMGC pursuant to a separate employment agreement between Mr. Tanase and RMGC.
- (2) Mr. Brown, the former Chief Commercial Officer of the Company, was appointed as Chief Financial Officer effective from June 1, 2019. The existing employment agreement for Mr. Brown is with Gabriel’s wholly owned UK subsidiary, RM Gold (Services) Ltd. (“RMGS”).
- (3) Mr. Lusty, the Group General Counsel of Gabriel, was also appointed as an officer and Corporate Secretary of the Company in May 2019. The existing employment agreement for Mr. Lusty is with RMGS.
- (4) Mr. Vaughan became part time in his role as Chief Financial Officer of the Company from October 2017 and resigned as Chief Financial Officer of the Company in May 2019. In aggregate, settlement expenses of \$47,417 were paid to Mr. Vaughan in connection with the cessation of his employment (exchange rate used to convert GBP to CAD was C\$1 = GBP 0.5905). Throughout the remainder of 2019 Mr. Vaughan continued to act as a consultant to the Company in connection with the ongoing ICSID Arbitration case.

COMPENSATION REVIEW PROCESS

Composition and Role of Corporate Governance and Compensation Committee

Composition

During the course of 2019 and up until May 2020, the members of the CGC Committee consisted of Wayne Kirk (Chair), Walter Segsworth and Janice Stairs, each of whom is an independent director of Gabriel. On May 12, 2020, Mr. Kirk stood down as the Chair, but remained a member, of the CGC Committee, and Ms. Stairs was appointed as his replacement.

In determining the composition of the CGC Committee, the Board looks to the past and current experience of each director and strives to include a range of skills and experience to ensure that the CGC Committee is comprised of directors who are knowledgeable about public company governance and compensation matters.

All of the current members of the CGC Committee have direct experience relevant to executive compensation either through their compensation committee experience or their executive experience in other companies. They bring a broad base of skills and experience that contribute to their suitability to make informed and independent decisions on the Company's compensation policies and practices, including extensive industry knowledge, human resource management, compensation design experience and financial experience.

Role of the CGC Committee

The Board has adopted a formal charter for the CGC Committee, which provides that one of the primary purposes of the CGC Committee is to assist the Board in fulfilling its oversight responsibilities in relation to the selection, retention and compensation of senior executives. The CGC Committee ensures that the Company has an executive compensation approach that is both motivational and competitive while meeting the goals and objectives of the Company. For a description of the CGC Committee charter, see the section entitled "*Standing Committees of the Board – CGC Committee*" in Part VI of this Circular.

The CGC Committee is involved in setting and reviewing executive compensation in the following ways:

- It reviews, annually or as appropriate, the Company's compensation framework to ensure that it is designed to meet the Company's compensation philosophy and objectives but does not encourage excessive risk-taking by executives and other employees, including appropriate review of the relative weighting of fixed and "at risk" compensation.
- It periodically reviews executive compensation practices among the Company's comparator group to benchmark Gabriel's executive compensation practices, including base salaries and applicable targets for short-term and long-term incentive awards to executives.
- It evaluates annually the CEO's performance, which takes into consideration the CEO's annual objectives as may have been established by the Board and input the CGC Committee has received from other Board members with respect to the CEO's performance and, based on such evaluation, makes recommendations to the Board for approval of the CEO's compensation.
- It evaluates annually the recommendations of the CEO with respect to the compensation of other senior executives who report directly to the CEO, including any performance objectives and, based upon such evaluation, makes recommendations to the Board for approval of the compensation of such other senior executives.
- It evaluates and recommends to the Board the Company's short, medium and long term incentive compensation plans and other compensation policies and programs and benefits that may apply to the senior executive group.

Meetings of the CGC Committee

The CGC Committee met six times during the year ended December 31, 2019.

- On March 13, 2019, the CGC Committee met to consider, *inter alia*, the form of a Board performance assessment questionnaire to evaluate the function of the Board and to consider certain other governance related matters including director share ownership.
- On April 15, 2019 and April 26, 2019, the CGC Committee met to consider the size and composition of the Board in anticipation of the preparation of the Management Information Circular for the 2019 annual general and special meeting.
- On May 14, 2019, the CGC Committee met to consider, *inter alia*, the summary of the results of the Board performance assessment questionnaire; certain proposals to adjust the compensation for the non-executive directors; and the recommendation of nominees for election at the 2019 annual general and special meeting of the Company; as well as other governance related matters.
- On June 20, 2019, the CGC Committee met to consider, *inter alia*, certain proposals to adjust the compensation for the non-executive directors; the proposed appointments of the officers of the Company and Board committees; and the notification received from Tenor Capital Management Company, L.P. (“Tenor Capital”) confirming that Mr. Kay, who previously served as the nominee of Tenor Capital would not be standing for re-election at the 2019 annual general meeting of the Company and that Tenor Capital wished instead to nominate Mr. Kochav, the Chief Operating Officer of Tenor Capital, as its substituted nominee for appointment to the Board.
- On November 10, 2019, the CGC Committee met to consider certain proposed amendments to the KEEP; and certain other employee-related matters.

Managing Compensation-Related Risk

The CGC Committee is responsible for the risk oversight of its compensation policies and practices and the implementation of Gabriel’s key compensation plans to ensure that they do not promote excessive risk-taking. The exceedingly lengthy but unpredictable process undertaken in respect of the ICSID Arbitration, an inherently legally guided procedure which is led by a timeline and orders from an independent Tribunal and the published ICSID Arbitration Rules, is an effective mitigant to risk-taking in management decisions or reliance on short term results. In addition, as appropriate, Gabriel may use the following practices to discourage or mitigate excessive risk-taking:

- ***Compensation objectives:*** Gabriel formalizes compensation objectives as necessary to help guide compensation decisions within an effective short, medium and long-term timeframe, as appropriate.
- ***Base salary portion:*** with the ICSID Arbitration now being the core focus of the Company, the base salary portion of compensation is designed to provide a competitive and attractive income so that executives are motivated to maintain a long-term perspective and remain with the Company under circumstances where there is no specified timeframe or certainty on when an award will be issued in the ICSID Arbitration, and do not feel persuaded to pursue other opportunities or pressured to focus on short-term accomplishments that do not necessarily further that ultimate objective.
- ***Variable compensation mix:*** a portion of target total direct compensation may be delivered through variable compensation (short, medium and long term incentives). This mix is aimed at providing a strong pay-for-performance relationship, while providing a competitive base level of compensation through salary.
- ***Capping of short-term incentive payments:*** annual short-term incentive payments are capped for senior executives at 70% of base salary, with exceptions at the discretion of the CGC Committee and the approval of the Board.

- **Performance goals:** any performance goals used to determine the amount of an executive's bonus are measures that the CGC Committee believes will further the drive for long-term shareholder value and encourage success and retention without encouraging excessive risk-taking to achieve short-term results.
- **Application of discretion:** existing compensation programs allow for discretionary assessment of performance by the CGC Committee and the Board to ensure pay aligns with perceived and actual performance.
- **Review of incentive programs:** Gabriel reviews and sets performance milestones or other measures and targets where possible to be aligned with plans for the business (including progress of the ICSID Arbitration) to ensure continued relevance and applicability of the performance incentive compensation.
- **External independent compensation advisor:** as and when required, Gabriel and the CGC Committee have separately engaged outside compensation consultants who are knowledgeable regarding various compensation policies and their associated risks.
- **Anti-hedging policy:** Gabriel prohibits officers and directors from hedging stock-ownership and equity-based compensation in the Company.

As a result of the CGC Committee's review of Gabriel's compensation plans, it has concluded that base salary and "at risk" incentives are appropriately balanced and that there are no identified risks arising from Gabriel's compensation programs which are reasonably likely to have a material adverse effect on Gabriel. Notwithstanding, in light of the core focus of the ICSID Arbitration, other business requirements and governance considerations, Gabriel may conduct a further review of its compensation strategy, including the compensation philosophy and program design, from time to time.

Role of Compensation Consultants

When the CGC Committee considers it necessary or advisable, it may retain, at the Company's expense, outside consultants or advisors to assist or advise it on any matter within its mandate. The CGC Committee has the sole authority to retain and terminate any such consultants or advisors. In prior years the CGC Committee has engaged consultants to provide market data on executive and director compensation and a technical analysis of the market data in light of the Company's compensation plans and practices. No fees were paid to such consultants in 2018 or 2019.

COMPONENTS OF EXECUTIVE COMPENSATION

Gabriel's executive compensation program is comprised of three core components:

- base salary;
- short-term incentives, in the form of annual bonuses of (a) cash and/or (b) RSUs; and
- medium-term and long-term incentive plan compensation made up of RSUs, DSUs, and Option-based awards.

The CGC Committee annually reviews the various elements of compensation to ensure that any awards are aligned with the goals of Gabriel and each executive officer, as well as Gabriel's compensation objectives and philosophy.

A portion of each executive's total direct compensation is variable or "at-risk". This "at-risk" portion of total direct compensation includes the short, medium and long-term incentives which may be awarded on a periodic basis and which are linked to performance. If the individual's or the Company's performance is below the standard expected, or other specific matters incline the CGC Committee not to make awards, the portion of "at-risk" compensation will decrease and conversely, if the individual's or Company's performance is strong, the portion of "at-risk" compensation will increase. Such a program meets the goal of aligning the interest of management with the interest of the shareholders through the following elements:

- The grant of Options and Share-based awards such as RSUs and DSUs; if the price of a Share increases or decreases over time, both executives and shareholders will be similarly impacted.
- Providing for vesting of Options and RSUs over time and/or on achievement of performance objectives; this acts to retain executives and provides an incentive for management to achieve recognizable milestones so as to benefit from any associated increase in the price of the Shares over time, rather than focusing on short-term increases.

Base Salary

Base salary is the principal fixed component of pay, and is intended to compensate executive officers for fulfilling their duties and to assist in the retention of key executives.

The amount payable to executive officers as base salary is determined primarily by the current and anticipated future contribution of the executive officers and, as noted above, to motivate those officers to maintain a long term perspective and remain with the Company under circumstances where there is no specified timeframe or certainty on when, or if, an award will be issued in favour of the Claimants in the ICSID Arbitration.

Base salaries are reviewed and, as appropriate in the context of the progression of the Company's objectives and the potential outlook for the Company, adjusted annually. Both the CEO's salary and the salaries for those executives reporting directly to the CEO are recommended by the CGC Committee and approved by the Board.

Upon his appointment as President and Chief Executive Officer of Gabriel, Mr. Tanase's base salary (including his compensation as Managing Director of RMGC) was set at an annual rate of \$571,360. Effective as of January 1, 2019, Mr. Tanase's base salary (including his compensation as Managing Director of RMGC) was increased to an annual rate of \$628,500.

Effective as of January 1, 2019, in recognition of Mr. Brown's increased responsibilities following the move of Mr. Vaughan to a part time basis and reduced salary in the fourth quarter of 2017, and including his assuming the role of Chief Financial Officer given the intention of Mr. Vaughan to resign that office, Mr. Brown's base salary was increased to £300,000.

Mr. Lusty's base salary was increased by 10% to £220,000 effective as of January 1, 2019 in recognition of, amongst other matters, his continued responsibility for the coordination of the ICSID Arbitration claim.

The table below reflects the base salaries due to each NEO at the beginning of 2018, 2019 and 2020.

<i>Name</i>	<i>2018 Base Salary⁽¹⁾ (\$)</i>	<i>2019 Base Salary (\$)</i>	<i>2020 Base Salary (\$)</i>	<i>Change from 2019 (%)</i>
Dragos Tanase	419,434	628,500	628,500	0
Richard Brown	432,311	508,044	508,044	0
Simon Lusty	345,841	372,566	372,566	0
Max Vaughan ⁽²⁾	172,921	169,348	-	-

Notes:

(1) Messrs. Brown, Lusty and Vaughan are based in the UK and receive or have received (as the case may be) their salaries in GBP. During 2019, Mr. Tanase received the majority of his salary in RON with a portion received in GBP. As Mr. Tanase is now based in the United States, he has elected to receive the majority of his C\$628,500 base salary in US\$ in accordance with the terms of his employment contract with the Company. For comparison purposes the exchange rate used to convert base salaries to CAD for 2020 is the same as the conversion rates for 2019 (C\$1 = GBP 0.5905 and \$C1 = RON 0.3131). The exchange rates used to convert base salaries to CAD for 2018 were C\$1 = GBP 0.5783 and C\$1 = RON 0.3288.

(2) Mr. Vaughan ceased to be an employee of the Company effective June 1, 2019 and as a result of this only received five months of his 2019 base salary.

Base salaries provide each NEO with compensation that is not "at risk". The CGC Committee is satisfied that the Company's current executive compensation policy and level of compensation with respect to base salary satisfies the goal of retaining key talent.

Short Term Incentives

NEOs and other key employees of the Gabriel Group are also eligible for short term incentive payments, in the form of annual bonus awards, which are designed to recognize and reward contribution towards the achievement of Gabriel's strategic objectives, as well as the achievement of predetermined personal objectives, if applicable.

Save as described below, there is no written policy with respect to short-term incentive payments and the recommendation and payment of such incentives is at the discretion of the CGC Committee and the Board, although certain individual employment contracts have stated maximum target bonus levels which can be used for guidance.

As described above, the CGC Committee evaluates the performance of the CEO and recommends the incentive bonus level for the CEO to the Board for approval. With respect to the other NEOs, the CEO evaluates the performance of such individuals and recommends the incentive bonus to the CGC Committee for its evaluation and recommendation to the Board. The Board exercises its discretion in determining the aggregate amount of bonuses awarded to all executive officers.

Bonuses of the NEOs, when awarded, may be calculated as a percentage of annual base salary, or awarded as an absolute sum, and are determined on the basis of both corporate and individual performance.

Short Term Incentive Targets

Individual performance objectives allow for the differentiation of payouts based on individual roles, targets and overall contributions. Ordinarily, both individual and corporate performance components are compared to a set of specific annual objectives that are pre-determined and, in the case of the CEO, approved by the Board and, in the case of the other NEOs, recommended by the CEO in conjunction with the CGC Committee and approved by the Board.

Short-term incentive payments are at the discretion of the Board and therefore no minimum bonus is payable to any NEO. The following table outlines the target incentive opportunity for the NEOs for the year ended December 31, 2019:

<i>Position</i>	<i>Incentive Bonus Range as a % of Base Salary</i>	
	<i>Target</i>	<i>Maximum</i>
President and CEO	35	70
Chief Financial Officer	35	70
Group General Counsel & Corporate Secretary	35	70

Measuring Individual Performance

Compensation decisions are typically made using a decision process that involves the CEO, the CGC Committee and the Board. Compensation decisions are based on corporate and individual performance, where appropriate against set individual performance objectives.

Members of the Board annually consider and approve a formal assessment of the CEO's performance in the year, and recommendations for the next year's compensation of the CEO, from the Chairman of the Board. The Chairman typically reviews his assessment with the CGC Committee, and makes recommendations to the Board for final approval.

Typically, the CEO provides the CGC Committee with annual performance assessments for each of the executives who directly report to him, and also provides compensation recommendations. The CGC Committee reviews the compensation recommendations for such direct reports of the CEO, taking into account the various factors noted below, and makes recommendations to the Board for final approval.

Specifically, in assessing individual performance in the context of making executive compensation recommendations, the CGC Committee and/or the Board consider the executive officer's:

- contributions to Gabriel's overall performance;
- individual performance relative to any pre-established goals;
- long-term performance and potential for future advancement or ability to assume roles of greater responsibility; and
- where appropriate and comparable, position against competitive market norms for similar roles.

Corporate objectives achieved during 2019 included those set out below:

- the continued advancement of the ICSID Arbitration through a critical phase, including:
 - the response to the non-disputing parties' submission submitted to the Tribunal;
 - the comprehensive review and evaluation of the Rejoinder, including seeking relief from the Tribunal to: (a) exclude from the record testimony presented in the Rejoinder that the Claimants had no established opportunity to confront through cross-examination and (b) to submit focused rebuttal evidence in response to the new evidence first submitted by Respondent with its Rejoinder; and
 - the extensive preparatory work for, and involved with attendance at, the Hearing in December 2019;
- the continued assessment and protection of the Company's activities, including ensuring availability of the resources necessary to support the preservation of its core assets (being the License and the ICSID Arbitration) and rights relating thereto;
- the implementation of further cost-saving measures to align the cost base of the Gabriel Group with the status of the Project in Romania;
- the marketing and sale of the last remaining ball mill, part of the long lead-time equipment stored by the Company made available for resale;
- carefully managing its cash resources, including securing additional financing - in the form of a non-brokered private placement transaction raising aggregate gross proceeds of \$26.4 million (the "**2019 Private Placement**") - to ensure that the Gabriel Group retained the capacity to pursue its core strategic objectives, including the advancement of the ICSID Arbitration and, as far as possible, the preservation of its core assets;
- responding to the continuing acts of the Romanian State which, in the Company's view, have been intentionally abusive and initiated in an attempt to intimidate and harm RMGC and the Claimants in retaliation for the Claimants' filing of the ICSID Arbitration;
- the renegotiation of an addendum to the License providing for the extension of the term of the License to June 20, 2024; and
- the protection of the Gabriel Group's rights and interests in Romania, including (i) so far as is reasonably practical and desirable, ensuring that existing licenses and permits remain in good standing; (ii) support to RMGC in respect of the ongoing abusive, illegal, and retaliatory behavior of the Romanian authorities; and (iii) compliance with legal or License requirements such as the continuance of programs to ensure the preservation of artefacts and maintenance of buildings located in the historical and protected centre of the village of Roşia Montană.

Given the current limitations on the Company's operations and the long-term nature of international arbitration claims, some of the foregoing corporate objectives inevitably span more than one calendar year, or recur in subsequent years, while others were achieved in less time.

Individual performance is typically reviewed against goals established within the primary area of responsibility for each executive officer, including strategic, financial, risk, compliance, legal and operational objectives. However, given the necessary focus upon the ICSID Arbitration and the uncertainties attendant to the ICSID Arbitration process, as well as the unpredictable actions of the Romanian State, core individual performance objectives for the CEO, CFO and Group General Counsel were adjudged by the Board to be difficult to qualify and quantify in the unique circumstances of the time. Therefore, the Board resolved to continue a policy (initiated in 2016) that no such individual performance targets be set for 2019 and any bonus awards for performance should be solely at the discretion of the Board.

2019 Performance

On January 15, 2020, the CGC Committee and the Board met to discuss, *inter alia*, the annual performance review of the CEO and his direct reports for 2019, and to consider recommendations with respect to any award of 2019 annual bonuses, short-term and long-term incentives, as well as the level of base salary for 2020 for the senior management and other employees of the Company and RMGC.

The Board concluded that the Company remains in uncharted territory in respect of the ICSID Arbitration process and that it would be difficult, if not impossible, to set conventional performance targets for 2020, as was also the case for 2018 and 2019. Furthermore, that it was important that Gabriel seeks to retain, in an appropriate capacity, the services of the personnel needed to support the ICSID Arbitration process and the employee witnesses who are critical to the claim, and that the uncertainties of the ICSID Arbitration process required that compensation for performance continue to be largely at the discretion of the Board.

The CEO was not involved in judging his own performance, but such performance was reviewed and evaluated solely by the Board. In the context of the corporate objectives achieved above and the individual roles of the NEOs in achieving such, the performance of each of the CFO and Group General Counsel was formally evaluated by the CEO, and discussed with and reviewed by the CGC Committee and the Board.

The Board's review included consideration of the status of the Project, the ongoing needs of the Company required to implement its core objectives, the requirements to reduce and manage the cost-base of the business carefully, the reducing cash resources of the business, and the personal and professional pressures facing those executives involved in the ICSID Arbitration and facing the actions of the Romanian State.

The following table reflects the base salary and performance based short term cash incentive payments paid / payable to the NEOs for the financial year ended December 31, 2019.

<i>Named Executive Officer</i>	<i>2019 Base Salary Paid⁽¹⁾</i> (<i>\$</i>)	<i>2019 Incentive Bonus</i>

Notes:

- (1) The exchange rate used to convert base salaries and incentive bonuses to CAD for 2019 is C\$1 = GBP 0.5905.
- (2) Cash bonuses for 2019 were awarded to Messrs. Tanase, Brown and Lusty in January 2020 and payable in the first quarter of 2020. The bonus as a % of base salary was set using exchange rates prevailing at the time of the award and consequently the actual \$ values represented in the table differ slightly to the % of actual base salary paid in respect of 2019 bonuses.
- (3) Mr. Vaughan ceased to be an employee of the Company effective June 1, 2019. Mr. Vaughan was not awarded a cash bonus for 2019. The amount paid to Mr. Vaughan in 2019 reflects five months of his base salary for the year up to the date he ceased to be an employee of the Company.

Medium-Term and Long-Term Incentives

Gabriel provides its executive officers with medium-term incentives in the form of RSUs awarded under its RSU Plan, and long term incentives in the form of Options and DSUs awarded under its Option Plan and DSU Plan, respectively.

These Option and Share-based award programs are an important element in the total compensation program of the Company and are designed to serve the following purposes: (i) the recognition of exceptional individual and corporate performance in the previous year; (ii) the retention of key executive management talent in the Company (a time vesting and/or performance milestone element is typically included as an incentive for the executive to remain with the Company); (iii) the alignment of executive interests with those of shareholders; and (iv) the mitigation of short-term risk-taking at the expense of long-term shareholder value.

All awards, other than the CEO's, are based on the recommendation of the CEO and all are at the discretion of the CGC Committee and the Board. Both the CGC Committee and the CEO look at previous grants as well as prior year performance when considering awards.

A summary of the key terms of each of Gabriel's Option and Share-based compensation plans is set out in the Appendix to this Circular, together with details of the maximum number of securities currently authorized for issuance under such plans.

Restricted Share Units

At Gabriel's annual and special meeting on June 14, 2018, disinterested shareholders approved an amended and restated RSU Plan with a fixed number of 5,000,000 RSUs issuable, including the RSUs that were outstanding under the previous plan. Under Exchange rules, the RSU Plan does not require further shareholder approval unless certain amendments to the RSU Plan or RSUs issued under the RSU Plan are proposed, each as detailed in the RSU Plan. No such amendments are proposed.

Pursuant to the RSU Plan, the Board may grant to directors, officers, employees and consultants of the Gabriel Group compensation, including retainers, fees or employment earnings or bonuses, in the form of RSUs. The grant of an RSU entitles the recipient to the conditional right to elect to receive one Share for each RSU or an amount in cash, net of applicable taxes, subject to the conditions set out at the date of grant and in the RSU Plan.

No RSUs were granted to officers and employees of the Gabriel Group in 2019.

Since its inception on June 16, 2011, 695,347 Shares have been issued pursuant to the settlement of RSUs granted under the RSU Plan. As at August 12, 2020, 539,000 RSUs were issued and outstanding, representing approximately 0.09% of the total issued and outstanding Shares at that date. An aggregate of 3,765,653 RSUs remain available for issuance under the RSU Plan, representing approximately 0.63% of the total issued and outstanding Shares.

RSUs are issued based upon the value of the underlying Shares at the date of grant. RSUs may have a term of up to five years and vesting conditions at the discretion of the Board, set at the date of the grant. Upon vesting, the recipient's RSUs must be settled for an equivalent number of Shares or cash (based upon the price of the underlying Shares at the settlement date) within a settlement period set at the date of the grant. Accordingly, the value of the RSUs will fluctuate with variations in the market price of a Share.

Options

The Option Plan was originally approved by shareholders on June 14, 2001. At Gabriel's annual general and special meeting on June 14, 2018, shareholders approved an amended and restated Option Plan. The continuation of such Option Plan was approved by shareholders at Gabriel's annual general and special meeting on June 20, 2019. Under the policies of the Exchange, the Company is required to seek shareholder approval for the Option Plan annually. No amendments requiring shareholder approval under the Option Plan have been made since June 2018 and no such amendments to the Option Plan are proposed at this time.

Pursuant to the Option Plan, an Option may be granted to a director, officer, employee or consultant of the Gabriel Group. When Options have been granted, Shares allocated for issuance under an outstanding Option are referred to as allocated Options. Additional Shares that may be allocated for issuance pursuant to the Option Plan but are not subject to current Option grants are referred to as unallocated Options.

The Option Plan is a "rolling plan" that provides that the maximum number of Shares allocated for issuance under the Option Plan shall not exceed 10% of the total number of issued and outstanding Shares (calculated on a non-diluted basis) from time to time. As a result, should the Company issue additional Shares in the future, the number of Shares issuable under the Option Plan will increase accordingly.

The Board has the discretion (without shareholder approval) to amend, modify and change the provisions of the Option Plan where such amendments are of a "house-keeping" nature. On August 4, 2020, the Board approved certain minor house-keeping amendments to the Option Plan to clarify certain provisions of the Option Plan.

The Option Plan is administered by the Board, in consultation with the CGC Committee. Vesting provisions are at the discretion of the Board and, while Gabriel's commonly used practice has been to grant Options that vest at periodic intervals after the date of grant, the Board has also granted Options that vest upon the achievement of certain milestones and that are fully vested at the time of the grant. There is no policy with respect to any initial 'sign-on' grant of Options to executive officers, annual grants of Options (except to directors as described in "Director Compensation Structure" in Part IV), or the grant of Options upon the expiry of an initial grant of such options, although certain contractual commitments may apply. All grants of Options are at the discretion of the CGC Committee and Board based upon the application of subjective criteria.

During 2019, a total of 6,068,070 Options were awarded to directors, officers and employees of the Gabriel Group, comprising 5,000,000 Options granted retrospectively in January 2019 but relating to 2018 performance, 468,070 Options granted in lieu of non-executive director fees as described in "Director Compensation Structure" in Part IV of this Circular and 600,000 granted to directors as part of the annual award previously described. As part of the 2019 annual compensation review a further 5,850,000 Options were awarded in January 2020 and issued to officers and employees of the Gabriel Group. During 2019, a total of 2,325,000 Options expired.

As at August 12, 2020, there were 597,780,038 Shares outstanding, and accordingly 59,778,003 Shares capable of allocation for issuance under the Option Plan. At that date, 30,977,613 Shares had been allocated to Options issued and outstanding to individuals representing approximately 5.2% of the total issued and outstanding Shares.

Deferred Share Units

The DSU Plan was originally approved by the shareholders on April 19, 2005. At Gabriel's annual general and special meeting on June 14, 2018, disinterested shareholders approved an amended and restated DSU Plan with a fixed number of 7,000,000 DSUs issuable, including the DSUs that were outstanding under the previous plan. Under Exchange rules, the DSU Plan does not require further shareholder approval unless certain amendments to the DSU Plan or DSUs issued under the DSU Plan are proposed, each as detailed in the DSU Plan. No such amendments are proposed at this time.

The DSU Plan provides that the Board may permit directors and executive officers of Gabriel to elect to receive a portion of their compensation (including initial ‘sign-on’ compensation, annual retainers, meeting fees or employment earnings or bonuses) or ad hoc awards in the form of DSUs in lieu of cash.

Under the DSU Plan, DSUs are issued to the recipient based upon the value of the underlying Shares at the date of grant. Upon retirement as a director of, or cessation of employment with, the Gabriel Group (or on the date(s) determined for “Foreign Grantees” i.e., non-Canadian), the recipient’s DSUs are redeemed for cash or Shares based upon the then current price of the underlying Shares. Accordingly, the value of the DSUs will fluctuate with variations in the market price of a Share.

Other than in lieu of directors fees and a one-time award of 80,000 DSUs to Mr. Erfan following his appointment of the Board, as described in Part IV of this Circular, no long term incentives were awarded in the form of DSUs to officers and employees of the Gabriel Group in 2019.

As of August 12, 2020, an aggregate of 726,009 Shares had been issued, since April 19, 2005, pursuant to the redemption of DSUs granted under the DSU Plan, representing approximately 0.12% of the total issued and outstanding Shares. Also as at August 12, 2020, 3,337,649 DSUs were issued and outstanding, representing approximately 0.56% of the total issued and outstanding Shares as at that date. An aggregate of 2,936,342 DSUs remain available for issuance under the DSU Plan, representing approximately 0.49% of the total issued and outstanding Shares.

Also at that date, as set out in the table in Part A of the Appendix to this Circular, an aggregate of 34,854,262 securities had been allocated by the Board of Directors for issuance under all of the Company’s Option and Share-based compensation arrangements, representing approximately 5.8% of the total issued and outstanding Shares at August 12, 2020.

COMPENSATION OF NAMED EXECUTIVE OFFICERS

Summary Compensation Table

The table set out below and the related footnotes provide compensation paid or payable information for performance in the two most recent financial years ended December 31, 2019 for each NEO measured by base salary, annual performance incentive payout, Share-based awards, Option-based awards, and all other compensation.

As the value of the Shares may rise or fall, the value of the Shares or the amount of the cash payment the NEO ultimately receives upon redemption of Share-based awards such RSUs may be materially different than the value disclosed in the Summary Compensation Table.

Save as set out below, Gabriel does not currently have a pension plan for any of its NEOs. All employees, including NEOs, are provided a standard employee benefit package, including health and life insurance benefits. Since April 1, 2017, RMGS has contributed to a workplace pension scheme for employees of RMGS in compliance with the United Kingdom's automatic enrollment pension legislation. The applicable legislation requires that all UK employers with one or more employees enroll into a workplace pension scheme to meet their duties under the United Kingdom's pensions act and sets out the minimum pension contributions for all employers and employees to pay. In the first year of its operation, RMGS contributed 1 per cent of the employee's qualifying earnings per annum to the pension scheme. This contribution increased to 2.5 per cent of the employee's qualifying earnings per annum with effect from April 2018 and to 4 per cent with effect from April 2019. In 2019 the contribution per eligible NEO was \$1,976. Employees have the right to opt out of this scheme.

(1) The NEOs, with the exception of Mr Tanase, are based in the UK and receive their salaries in GBP. Mr Tanase was previously based in Romania but has relocated to the United States and received his 2019 salary in a mix of RON and CAD. The exchange rate used to convert GBP to CAD for 2019 was C\$1 = GBP 0.5905 (2018: 0.5783) and the exchange rate used to convert RON to CAD for 2019 was C\$1 = RON 0.3131 (2018: 0.3288).

(2) The figures in this column reflect the grant date fair value of Options granted to NEOs relating to 2019 and 2018 remuneration pursuant to the Option Plan. The grant date fair value is an estimate calculated using the Black-Scholes option pricing model. The Company selected the Black-Scholes model given its prevalence of use within North America.

PART VI

CORPORATE GOVERNANCE STATEMENT

INTRODUCTION

The Board and management believe that sound and effective corporate governance is essential to Gabriel's performance. Corporate governance is the process and structure used to direct and manage the business and affairs of Gabriel with the objective of enhancing value for its shareholders. Gabriel has adopted certain practices and procedures to ensure that effective corporate governance practices are followed and that the Board functions independently of management. In addition, the CGC Committee reviews Gabriel's corporate governance practices and procedures on a periodic basis to ensure that they address significant issues of corporate governance.

National Instrument 58-101 Disclosure of Corporate Governance Practices ("**NI 58-101**") of the Canadian Securities Administrators requires Gabriel to disclose a summary of its corporate governance practices as approved by the Board. The Company is a venture issuer and, accordingly, provides the following summary having regard to the corporate governance guidelines adopted in National Policy 58-201 Corporate Governance Guidelines ("**NP 58-201**") and Form 58-101F2 Corporate Governance Disclosure (Venture Issuers).

COMPOSITION OF THE BOARD

The names of Gabriel's proposed directors, together with their age and country of residence, year first elected as a director, principal occupation, other principal public company directorships and standing committee memberships are set out under the section entitled "*Nominees for Election*" in Part III of this Circular. The Board had three standing committees in the year to December 31, 2019 – the CGC Committee, the Audit Committee and the Arbitration Committee ("**Standing Committees**"), as described in further detail below. In May 2020, the Board determined to disband the Arbitration Committee and thus the Board currently has two standing committees.

Majority Voting

The Board has adopted a policy requiring that any nominee for director who receives a greater number of "*withhold*" votes than votes "*for*" his or her election as a director shall submit his or her resignation to the CGC Committee for consideration promptly following the meeting of shareholders. This policy applies only to uncontested elections. The Board will consider the recommendation of the CGC Committee and determine whether to accept the resignation within 90 days of the applicable meeting of shareholders. A director who tenders his or her resignation will not participate in any meetings to consider whether the resignation shall be accepted. The Board will accept the resignation absent exceptional circumstances. Additional information may be found in the section entitled "*Business of the Meeting – Election of Directors*" in Part II of this Circular.

Board Interlocks

The CGC Committee does not believe that it is necessary to set a formal limit on the number of its directors who serve on the same board of another public company, as this is only one measure of its assessment in order to ensure the independence of directors and their ability to act in the best interest of the Company.

The CGC Committee considers public company board interlocks in the course of assessing each director's ability to serve as a director of the Company, and supports the disclosure of interlocks. As of the date of this Circular, there are no public company board interlocks among the Board members.

Details of all public company directorships held by each director are set out in the tables under the section entitled "*Nominees for Election*" in Part III of this Circular.

INDEPENDENCE OF BOARD MEMBERS

The CGC Committee and the Board reviews the independence of its members annually and has assessed the independence of each of the proposed nominees for election as directors in 2020. In determining independence, the Board considers the definitions of independence in NI 58-101 and National Instrument 52-110 – Audit Committees (“**NI 52-110**”).

NP 58-201 suggests that the board of directors of every listed company should be constituted with a majority of individuals who qualify as “independent” directors under NI 58-101. The TSXV requires that each listed issuer have at least two independent directors. Under NI 58-101, which refers in turn to NI 52-110, a director is considered independent if he or she has no direct or indirect “material relationship” with the Company (other than shareholdings) which could, in the view of the Board, reasonably interfere with the exercise of that director’s independent judgment. NI 52-110 requires that the audit committee of a venture issuer consist of at least three members, a majority of whom are not permitted to be executive officers, employees or control persons of the issuer.

In applying the independence criteria, the Board reviews and analyses the existence, materiality and effect of any relationships between Gabriel and each of its directors, either directly, through a family member or as a partner, shareholder or officer of another organization that has a relationship with Gabriel and determines in each case whether the relationships could, or could reasonably be perceived to, materially interfere with the director’s ability to act independently of management or which could, in the view of the Board, be reasonably expected to interfere with the exercise of a member’s independent judgement.

With the assistance of the CGC Committee, the Board has considered the relationship to Gabriel of each of the director nominees proposed for election by the shareholders at the Meeting. As a consequence of the reduction in the size of the Board and the departure of Messrs. Hulley, Kirk and Gusenbauer (each of whom are considered to be independent directors), a majority of the proposed nominees for election are not independent.

The Board has determined that proposed nominees for election who are considered to be independent are Ms. Stairs and Messrs. Segsworth and Peat. Messrs. Tanase, Cramer, Erfan and Kochav are not considered to be independent. This analysis is in keeping with the independence determinations recommended by the Committee and accepted by the Board in prior years. Mr. Tanase is currently President and Chief Executive Officer of the Company and, therefore, not independent. Messrs. Cramer, Erfan and Kochav are not considered independent by virtue of their relationships with certain of the major securityholders of the Company.

While this determination results in a majority of the Board being comprised of non-independent directors, it does meet the requirements of the TSXV to have at least two independent directors, and the Board believes that the proposed constitution of the Board and combination of independent and non-independent directors is an acceptable balance, given the Company’s current operations, the objective of independent supervision of management, the expertise and insight drawn from the proposed complement of directors, and the in-depth knowledge of the operations of the Company afforded by the participation of the President and Chief Executive Officer of the Company on the Board.

In the event of a conflict of interest at a meeting of the Board, the conflicted director will, in accordance with corporate law and in accordance with his or her fiduciary obligations as a director of the Corporation, disclose the nature and extent of his or her interest to the meeting and abstain from voting on or against the approval of such participation.

In addition, independent supervision of management is accomplished through choosing management who demonstrate a high level of integrity and ability and having strong independent Board members. The independent directors are able to meet at any time without any members of management, including the non-independent directors, being present. Further supervision is performed through the Audit Committee and CGC Committee. A majority of the members of the Company’s Standing Committees will be independent.

BOARD MANDATE

The Board supervises the conduct of the affairs of the Company directly and through its Standing Committees. In so doing, the Board endeavours to act always in the best interests of the Company. In addition, the Board recognizes the importance of the enhancement of both short and longer term value for all shareholders. In carrying out its responsibilities, the Board appoints the senior executives of the Company and meets with them on a regular basis to receive and consider reports on the Company's business. The Board holds regularly scheduled meetings, with additional meetings being held as required to consider particular issues or conduct specific reviews between regularly scheduled meetings.

The fundamental responsibility of the Board is to supervise the management of Gabriel's business and affairs with a view to sustainable value creation for all shareholders. The Board promotes fair reporting, including financial reporting, to shareholders and other interested persons as well as ethical and legal corporate conduct through an appropriate system of corporate governance, internal controls and disclosure controls.

The Board is, among other matters, responsible for the following:

- adopting a strategic planning process;
- reviewing risk identification and ensuring that procedures are in place for risk management;
- reviewing and approving annual operating plans and budgets;
- corporate social responsibility, ethics and integrity;
- succession planning, including the appointment and termination of the Chief Executive Officer and persons in charge of a principal business unit, division or function of Gabriel and its subsidiaries;;
- delegation and general approval guidelines for the management of Gabriel;
- monitoring financial reporting and management;
- reviewing corporate disclosure and communications;
- adopting measures for receiving feedback from stakeholders; and
- adopting key corporate policies designed to ensure that Gabriel and its directors, officers, employees, consultants and contractors comply with applicable laws, rules and regulations and conduct business for and on behalf of Gabriel ethically and with honesty and integrity.

The Board has adopted a formal written mandate which clarifies these responsibilities and complements the written charters of each of the Standing Committees. Copies of the Board mandate and the charters of the Standing Committees can be found on Gabriel's website at www.gabrielresources.com.

Strategic Planning

The Board works with management in developing the overall business strategy of the Company and the business plan(s) for achieving its objectives, which contribute to the overall objectives for the President and Chief Executive Officer. The Board receives regular updates from management regarding implementation of the business strategy.

Along with those matters which must by law be approved by the Board, key strategic decisions are also submitted by management to the Board for approval or discussion. In addition to approving specific corporate actions, the Board reviews and approves the reports issued to shareholders, including annual financial statements, as well as materials prepared for shareholders' meetings.

Directors are provided an opportunity to meet individually in work sessions with senior management to obtain further insight into the operations of the Company and its subsidiaries, and are involved on a regular basis in discussions with management. Each Standing Committee may engage outside advisors at the expense of the Company. Individual directors are also free to consult with members of senior management whenever so required and to engage outside advisors, at the expense of the Company, with the authorization of the CGC Committee.

To ensure that the Board is able to discharge its responsibilities independently of management, the following structures and processes are in place:

- the independent directors are invited to meet separately from management and the non-independent directors following each meeting of the Board. In camera sessions are on each meeting agenda and the independent directors of the Board met without non-independent directors and management on several occasions during 2019; there are no members of management on the Board, other than the President and Chief Executive Officer of the Company;
- when appropriate, members of management, including the President and Chief Executive Officer, are not present for the discussion and determination of certain matters at meetings of the Board;
- the Audit Committee and the CGC Committee consist entirely of directors who are independent;
- the President and Chief Executive Officer's compensation is considered, in his absence, by the CGC Committee and by the Board at least once a year; and
- in addition to the Standing Committees of the Board, independent committees are appointed from time to time, when appropriate.

The Chairman of the Board

Mr. Hulley has been a member of the Board since 2006 and has held the position of Chairman of the Board since June 2010. As Chairman, Mr. Hulley is principally responsible for overseeing the operations and affairs of the Board. His responsibilities include leading, managing and organizing the Board, consistent with the approach to corporate governance adopted by the Board from time to time; confirming that appropriate procedures are in place to allow the Board to work effectively and efficiently and to function independently from management; acting as a liaison between the Board and senior management; encouraging effective communication between the Board and the CEO; and ensuring that the Board and senior management understand their respective responsibilities and respect the boundaries between them.

Oversight of the President and Chief Executive Officer

The President and Chief Executive Officer is appointed by the Board and is responsible for managing Gabriel's affairs. His key responsibilities also involve articulating the vision for the Company, focusing on creating value for shareholders, and developing and implementing a strategic plan that is consistent with the corporate vision.

Annually the Board may set objectives for the CEO which align with the Company's strategic plan. The President and Chief Executive Officer is accountable to the Board and the Standing Committees of the Board. The Board conducts a formal review of his performance once per year.

The Board has established clear limits of authority over expenditure and other matters for the CEO and reviews such authorities periodically as required. The Board receives both formal and informal reports on Gabriel's operating activities as well as timely reports on certain non-operational matters, including insurance, legal, corporate governance and financial matters.

Position Descriptions

The Board has adopted position descriptions for the Chairman of the Board and the CEO which set out their respective duties and responsibilities. These position descriptions are reviewed by the Board from time to time.

The Board has determined that, given the size of the Board and the fact that each Standing Committee has a comprehensive written charter, a written position description for the chairperson of each Standing Committee is not required at this stage.

Risk Oversight

The Board oversees the identification of the principal risks of Gabriel's business and ensures that there are systems in place to effectively identify, monitor and manage them where prudent to do so.

The Board and its Standing Committees manage various types of risks as follows:

- *Audit Committee*: the Audit Committee monitors financial related risks, including risks relating to internal controls over financial reporting, the delegation of financial authority, and financial risk management policies. The Audit Committee also oversees the Company's disclosure controls and procedures, and code of ethics.
- *CGC Committee*: CGC Committee oversees risks related to corporate governance matters and compensation related risks, and retention and succession risks.
- *Arbitration Committee*: the Arbitration Committee oversaw the risks related to strategic decision-making and financial management aspects of the ICSID Arbitration. Following the disbandment of the Arbitration Committee in May 2020, such oversight will be performed by the Board.

In addition, members of the Board are encouraged to ask questions of management at Board and Standing Committee meetings, as well as throughout the year, to ensure that risks are appropriately identified, monitored and managed. The high level of engagement of Board members, as well as their extensive experience, contributes to the Board's risk oversight role.

MEETINGS OF THE BOARD AND STANDING COMMITTEES OF THE BOARD

Scheduling and Frequency of Meetings

The Chairman of the Board, in consultation with the Corporate Secretary, has the responsibility of establishing a schedule for the meetings of the Board and its Standing Committees each year, which is approved by the Board. Board and Standing Committee meeting dates are established sufficiently in advance where possible to minimize conflict with other commitments on directors' schedules. Absent exceptional circumstances, the Board aims to meet a minimum of five times per year, typically every quarter and prior to or following the annual general meeting of the shareholders. If, during the course of the year, circumstances require Board or Standing Committee action or consideration, additional meetings are called.

The Chairman of the Board works with the CEO to establish the agenda for each Board meeting. The chairperson of each Standing Committee, in consultation with the Corporate Secretary, determines the agenda for each Standing Committee meeting. Each Board member is free to suggest inclusion of items on any Board or Standing Committee agenda.

Directors are expected to review meeting materials in advance of meetings to encourage and facilitate discussion and questions. Board and Standing Committee meeting dates are established well in advance and directors are expected to be prepared for and attend all Board meetings and relevant Standing Committee meetings absent extenuating circumstances.

Meetings of the Board and Standing Committees in 2019

Between January 1, 2019 and December 31, 2019, the Board held seven meetings, the Audit Committee met four times, the CGC Committee met on six occasions and the Arbitration Committee held five meetings.

Notes:

- (1) The tables set out the attendance record of each director at meetings of the Board or its Committees during 2019 (as applicable). In circumstances when the director joined or departed the Board during the year, the attendance record is determined only with respect to the number of meetings held during his or her tenure. The table also only shows attendance at Standing Committee meetings for which a director is a committee member, however, directors may and frequently do attend meetings of Standing Committees of which they are not a member. Mr. Hulley, as Non-Executive Chairman of the Board, attends all Standing Committee meetings on a non-compensated basis. The CEO attends all Standing Committee meetings on a non-compensated basis.
- (2) Mr. Kay ceased to be a director effective June 20, 2019.
- (3) Messrs. Erfan and Kochav joined the Board in June 2019 at which time Mr. Kochav was appointed as a member of the Arbitration Committee.
- (4) Mr. Natbony did not stand for re-election as a director of the Board in 2019 and ceased to be a director effective June 20, 2019. Mr. Gusenbauer was appointed as a member of the Audit Committee in Mr. Natbony's stead.

STANDING COMMITTEES OF THE BOARD

As described above, the Board had three Standing Committees in the year ended December 31, 2019. Each Standing Committee operates under a written charter that sets out its responsibilities and duties, qualifications for membership, procedures for committee member removal and appointment and reporting to the Board. The charters are reviewed periodically by the relevant Standing Committee, which may make recommendations to the Board for changes.

The following table sets out the chairperson and members of each of the Standing Committees as at August 12, 2020:

<i>Director</i>	<i>Audit Committee</i>	<i>CGC Committee</i>

-  Member of the Committee

In addition to the responsibilities described elsewhere in this Part VI, the following provides a brief summary of the key functions, roles and responsibilities of each Standing Committee and its members.

Audit Committee

The Audit Committee is responsible for assisting the Board in fulfilling its oversight responsibilities in relation to, among other things:

- financial reporting and disclosure requirements;
- ensuring that an effective risk management and financial control framework has been implemented and tested by management of Gabriel; and
- external and internal audit processes.

As of August 12, 2020 the members of the Audit Committee were Messrs. Peat (Chair), Kirk and Gusenbauer. The Board has determined that all of the Audit Committee members are independent (as set forth in National Instrument 52-110 – Audit Committees) and are financially literate as required by applicable securities legislation. Between January 1, 2019 and December 31, 2019, the Audit Committee met four times.

Corporate Governance and Compensation Committee

The CGC Committee is responsible for assisting the Board in fulfilling its oversight responsibilities in relation to, among other things:

- developing corporate governance guidelines and principles for Gabriel;
- identifying individuals qualified to be nominated as members of the Board;
- structure and composition of Board committees;
- evaluating the performance and effectiveness of the Board;

- reviewing executive management succession and development;
- establishment of key compensation policies of Gabriel, including all incentive and equity based compensation plans;
- if deemed appropriate, establishment of corporate goals and objectives relevant to the compensation of the CEO and persons in charge of a principal business unit, division or function of Gabriel and its subsidiaries;
- evaluation of the CEO's performance and determination of the CEO compensation;
- evaluation of the performance of other senior executives and determination of their compensation; and
- determination of compensation of non-executive directors.

Further details of the role of the CGC Committee, and compensation consultants to the CGC Committee, are set out under the section entitled "*Compensation Review Process*" in Part V of this Circular. As of August 12, 2020, the members of the CGC Committee were Ms. Stairs (Chair) and Messrs. Segsworth and Kirk, each of whom is independent. Between January 1, 2019 and December 31, 2019, the CGC Committee met six times.

Arbitration Committee

The Arbitration Committee was formed to assist the Board in fulfilling its oversight responsibilities with respect to the ICSID Arbitration, in relation to, among other things:

- the strategy and direction of the ICSID Arbitration, including the legal budget and expenditures;
- consideration of material issues arising in the ICSID Arbitration; and
- recommendations on matters that are within the purview of the Board.

Between January 1, 2019 and December 31, 2019, the Arbitration Committee met five times. On May 12, 2020, the Board determined, at the recommendation of the CGC Committee, to disband the Arbitration Committee on the basis, amongst other reasons, that it was appropriate for oversight of and updates on the ICSID Arbitration process to be provided to the full Board and not only at Committee level given the core focus of the Company on the pursuit of the ICSID Arbitration.

ASSESSMENT PROCESS

The Company has established an annual process ("**Evaluation Process**") whereby directors are provided with an opportunity to evaluate the effectiveness of the Board, the directors and the Standing Committees, and to identify areas where effectiveness can be improved or enhanced. The Evaluation Process is conducted by the CGC Committee.

The Evaluation Process involves the solicitation of input from individual directors through an annual assessment questionnaire completed by each member, which explores the directors' views and solicits feedback on, amongst other matters, (i) how well he or she believes the Board, the directors and the Committees are performing; (ii) the key competencies required by the Board and the extent to which these are served by the existing Board members; and (iii) their assessment of their own performance, including their availability and attendance, preparations, contributions, and knowledge and judgment. The Evaluation Process includes open-ended questions to allow directors to suggest improvement.

The results of the Evaluation Process are subsequently presented by the CGC Committee to the Board and discussed by the Board. The CGC Committee recommends to the Board any changes required to enhance performance based upon the Evaluation Process. The Chairman of the CGC Committee also annually polls the directors regarding their assessment of the performance and suitability for re-nomination of the other directors (other than himself), with assessments of the CGC Committee Chairman provided to the Chairman of the Board.

To date, the CGC Committee and the Board has satisfied themselves that the Board, its Standing Committees and individual directors are performing effectively.

SKILLS MATRIX

The Company considers that a board of directors with a diverse set of skills is better able to oversee the wide range of issues that arise in a company of Gabriel's complexity. The CGC Committee therefore undertakes the Evaluation Process every year to assess the Board's overall effectiveness and make sure its size and composition represent the quality and mix of skills needed to oversee management and Gabriel's business affairs. The mix of skills and experience of the Board in areas that are considered by the directors to be important to the business and operations of Gabriel are described below.

<i>Skill and Experience</i>	<i>Number of Current Directors</i>
Senior Executive Experience Experience as a senior officer or chair of a publicly listed company or major organization.	10
Other Directorships Current experience as a board member of a major organization (other than Gabriel - public, private, non-profit).	9
Mining Industry Experience Experience in a management, board or consulting role in mining operations, exploration or development.	10
Financial Expertise Senior financial officer of a publicly listed company or major organization or experience in financial accounting and reporting and corporate finance (familiarity with internal financial controls and IFRS).	5
Technical Expertise Experience with a leading mining or resource company with reserves, exploration and operations expertise.	2
Legal Expertise Experience as a lawyer either in private practice or in-house with a publicly listed company or major organization.	2
Environmental/Sustainable Development Expertise Understanding of and experience with corporate responsibility practices and the constituents involved in environmental/sustainable development policies.	5
European Experience Experience in a management, board or consulting role in conducting or overseeing business in Europe.	5
Government/Political Experience Experience in, or a good understanding of, the workings of governments, politics and public policy domestically and internationally.	5
Corporate Governance Expertise Knowledge of and experience with corporate governance requirements, practices and processes and the constituents involved in corporate governance policies.	10
Compensation/Human Resources Expertise Knowledge of and experience of compensation and human resources practices and management.	10

ORIENTATION AND CONTINUING BOARD EDUCATION

The Board ensures that each new nominee has the competencies, skills and personal qualities required to perform his duty properly, and management of the Company provides informal orientation and education to new directors respecting Gabriel's history, properties, performance and strategic plans. However, the Board does not have any formal policies with respect to the orientation of new directors, nor does it take any specific measures to provide continuing education for the directors. Given the current status of the Company's operations, and having regard to the background and experience of its directors, the Board does not feel it necessary to have such policies or programs in place.

Management and external advisors are regularly invited to attend Board meetings to provide detailed presentations to the Board on significant developments and topics within their area of responsibility and expertise. Directors are briefed regularly by management on strategic issues affecting the Company. Board members are encouraged to participate in continuing education relevant to their roles as directors and committee members. In addition, periodic presentations are provided by external legal counsel regarding recent developments in specific matters.

NOMINATION OF NEW DIRECTORS AND BOARD SIZE

The CGC Committee is responsible for assessing the need for new directors, and the preferred experience and qualifications of new directors, taking into consideration the independence, age, skills and experience required for the effective conduct of the Gabriel's business. The CGC Committee recommends candidates for initial Board membership and Board members for re-nomination. The skills matrix referred to above is used by the CGC Committee to assist with its identification of the skills and experience required for nominees to the Board and recommendations are based upon character, integrity, judgment, business experience, record of achievement and skills or talents that would enhance the Board and overall management of the business and affairs of the Company.

The CGC Committee maintains an understanding of the anticipated tenure of current directors, and the needs of the Board as a whole. Particular candidates are considered in light of the Board's current and anticipated needs.

As described above, Board members complete annual assessment reports, and are polled regarding the performance of the other directors, which are reviewed by the CGC Committee to ensure that the Board as a whole has the appropriate mix of skills and competence and to assist in placing Board members on Standing Committees where their expertise can best be utilized, and also to identify skills and experience gaps important in identifying any new nominees to the Board.

The CGC Committee and the Board have determined that the size of the Board, as proposed to be elected at the Meeting, is appropriate for the Company's size, complexity and focus of its operations.

DIVERSITY AND GENDER REPRESENTATION

As described above, the Board has determined to put forward for election seven directors of the Company, including the re-election of Ms. Janice Stairs who was appointed in June 2017.

While, as at the date of this document, the Company has one woman on its Board and currently has no female executive officers, the Company believes that diversity can enhance both the quality and effectiveness of company performance and can be an important aspect of effective corporate governance.

In identifying and nominating candidates for election to the Board or as executive officers, the Company is committed to maintaining a robust campaign to recruit the best qualified candidates whose appointments will be made based on merit, in the context of skills, experience, independence, knowledge and other qualities which the Company requires to be effective, with due regard for the benefits of diversity (including the level of representation of women on the Board and in executive officer positions).

Policies and Targets regarding the Representation of Women on the Board and in Executive Officer Positions

The Company has not adopted a written policy relating to the identification and nomination of women directors to the Board or in executive officer positions. The Board believes that its approach is appropriate for the current circumstances of the Company and a formal written policy is not necessary to achieve positive outcomes in Board and senior management gender diversity.

The Company has not adopted quotas or targets regarding gender representation on the Board or in executive officer positions. The Board does not believe that any candidate for a director nominee or an executive officer position should be chosen nor excluded solely or largely because of gender or diversity representation. In selecting a candidate, the Board focuses on skills, expertise and background that would complement the existing Board and/or the existing management team (as the case may be).

Selection of diverse candidates to the Board and to executive officer positions will be, in part, dependent upon the pool of such candidates with the necessary skills, knowledge and experience. As noted above, the ultimate decision will be based on merit and the contribution the chosen candidate will bring to the Company.

RETIREMENT POLICY AND TERM LIMITS

The Board has not adopted a mandatory retirement policy or term limits for directors. The Board believes that mandatory retirement and term limits may result in the loss of effective directors with deep knowledge of the Company. Instead, determination of a director's continued fitness for service as a member of the Board is assessed through the implementation of the Board and individual director assessment process outlined above.

SUCCESSION PLANNING AND EVALUATION OF OFFICERS

The Board ensures the continuity of executive management by overseeing succession planning. The CGC Committee is specifically mandated to assist the Board in this regard, by ensuring that appropriate executive succession planning processes are in place and operating effectively for executives. The CGC Committee also reviews significant changes to the organization's structure as they arise and their impact on executive roles.

Depending on the position at issue, the Audit Committee may also be involved in the periodic review of succession planning.

The CGC Committee considers, and where deemed necessary undertakes, a periodic review of the succession planning process and results for executive management and reports to the Board on these matters. As part of this process, the CEO reviews other executive management positions with the CGC Committee.

The CGC Committee assists the Board in monitoring the performance of the CEO by conducting an annual review of the CEO's performance against any predetermined goals and criteria (including any goal of succession planning) and reporting to the Board, as well as recommending to the Board the total annual compensation of the CEO (see "*Compensation Discussion and Analysis*" in Part V of this Circular). The CGC Committee also reviews with the CEO the performance of his direct reports and recommendations for their total compensation.

COMPENSATION OF DIRECTORS AND OFFICERS

The Board believes that compensation for directors and officers should be competitive with the compensation paid to directors and officers of comparable companies and also reflect the unique challenges which are brought about by involvement in the ICSID Arbitration. The CGC Committee reviews directors' compensation annually and makes recommendations to the Board. Directors who are employees of the Company or any of its affiliates do not receive any compensation for service as directors. Compensation paid to each director during 2019 is set out under "*Directors' Compensation for 2019 – Annual Director Compensation*" in Part IV of this Circular. Gabriel's executive compensation philosophy is described under "*Compensation Discussion and Analysis – Compensation Philosophy and Objectives*" in Part V of this Circular.

MINIMUM SHARE OWNERSHIP REQUIREMENTS

The Board has not established guidelines with respect to minimum share ownership requirements by directors or officers of the Company. As a significant portion of total remuneration of directors and management is "at risk" and provided in the form of Options and/or RSUs or DSUs, which are intended to strengthen the alignment of management and shareholder interests, the Board has not considered it necessary to maintain minimum share ownership requirements for the Company's directors or officers.

COMMUNICATION/DISCLOSURE POLICY AND STAKEHOLDER FEEDBACK

Communications/Disclosure Policy

Gabriel has adopted a Corporate Disclosure Policy that establishes guidelines and standards for Gabriel's communications with shareholders, investment analysts, other stakeholders and the public generally. This policy includes measures to avoid selective disclosure of material information, and establishes internal processes for key public communications. The policy also addresses Gabriel's obligations for continuous and timely disclosure of material information and, together with Gabriel's Insider Trading Policy, sets governance standards together with requiring directors, officers, employees and contractors trading in Shares and other securities to comply with applicable law.

Gabriel has disclosure controls and procedures designed to ensure that material information relating to Gabriel is made known to its CEO and CFO. Gabriel has a Disclosure Committee, comprised of its CEO, CFO, Group General Counsel and Group Financial Controller, and has designed and implemented due diligence procedures to support the financial reporting process and the certification of its financial reports by the CEO and CFO.

Gabriel interprets its operations for its shareholders and other stakeholders through its periodic financial reports, securities filings, news releases and website. Gabriel encourages and seeks stakeholder feedback through various channels, including corporate communications. The Board, directly or through the activities of the Audit Committee, reviews and approves all quarterly and annual financial statements and related management's discussion and analysis and management information circulars, (as applicable) and press releases containing significant new financial information, among others.

The Board is mandated to ensure systems are in place for communication with Gabriel's shareholders and other stakeholders. Gabriel currently maintains email and regular mail addresses for stakeholder feedback and questions.

Stakeholder Feedback

The Board recognizes that it is also important for the Board to communicate with shareholders, including organizations that represent or advise shareholders on matters of governance (collectively, "**Interested Parties**") and to that end, has consulted with management to develop a procedure to assist in managing inquiries directed to the Board or its members.

Interested Parties may communicate to the Board in writing to express their views on matters that are important to them by addressing their correspondence to the Board in care of the Corporate Secretary at Gabriel Resources Ltd., c/o RM Gold (Services) Ltd., Central Court, 25 Southampton Buildings, London WC2A 1AL, United Kingdom or via email at: ir@gabrielresources.com, subject line: Attention: Chairman of the Board, c/o Corporate Secretary.

While the Board oversees management, it does not participate in the day to day business and affairs of Gabriel. The Board has instructed the CEO or Corporate Secretary to review all inquiries and, in his discretion, determine whether a response from the Board is appropriate or, if the inquiries relate to the day to day business and affairs of Gabriel, then to direct the inquiry to management for a response. All inquiries will receive a response from either the Board or management as appropriate. Records of all inquiries will be maintained.

CODE OF BUSINESS CONDUCT AND ETHICS

The Board expects all of Gabriel's directors, officers and employees to conduct themselves in accordance with high ethical and legal standards.

In addition to formal policies regarding anti-bribery and corruption, gifts and hospitality, and whistle blowing, the Board has adopted a Code of Business Conduct and Ethics ("**Code**") which applies to Gabriel's directors, officers, employees, consultants and contractors. The Code requires strict compliance with legal requirements and sets Gabriel's standards for the ethical conduct of our business. Topics addressed in the Code include policy matters, avoidance of conflicts of interest, compliance with applicable laws, codes and regulations, and procedures for employees and third parties to report concerns with respect to violations of the Code.

Directors are required to report promptly to the Board all actual, potential or perceived conflicts of interest regarding any matter under consideration. Directors may not participate in discussions, deliberations or decision-making in which they have a conflict of interest.

The Code is supported by detailed policy guidance and standards and a Code compliance program, under which every Gabriel director, officer, employee, consultant and, where appropriate, contractor is periodically required to affirm that he or she understands the requirements of the Code and provide confirmation of his or her compliance with the Code during the preceding year.

The Board exercises stewardship over the Code in several respects. Ordinarily, the Code and related corporate policies are reviewed by management and the Board on a periodic, typically annual, basis and, if appropriate, updated. Management reports to the CGC Committee on this process and any changes are reviewed by the CGC Committee and the Board. Any waivers of Code requirements for Gabriel's executive officers or members of the Board must be approved by the Board or appropriate Committee thereof and disclosed. No such waivers were granted in 2019.

Gabriel encourages directors, officers, employees, consultants and contractors to raise any policy breach and/or ethical concerns, without fear of retaliation.

Gabriel's Whistle Blowing Policy provides a means for Gabriel's directors, officers, employees, consultants and contractors to raise issues of concern confidentially to: (i) the Chief Financial Officer of the Company; (ii) the Chair of the Audit Committee; or (iii) the Head of Human Resources of RMGC.

As set out in Gabriel's Whistle Blowing Policy, an individual who, in good faith, reports a concern is protected from reprisal, such as dismissal, disciplinary action, retaliation or discrimination. Any issues of a serious nature are investigated by the Company's Chief Financial Officer, the Head of Human Resources of RMGC and/or the Audit Committee. The Audit Committee receives regular updates on activities relating to the Whistle Blowing Policy.

Copies of the Code and Gabriel's Whistle Blowing Policy are available on the Company's website at www.gabrielresources.com.

The Corporation shall not be obliged by any provision of the Plan or the grant of any Option hereunder to issue or sell Common Shares in violation of such laws, rules and regulations or any condition of such approvals.
- (b) No Option shall be granted and no Common Shares issued or sold hereunder where such grant, issue or sale would require registration of the Plan or of Common Shares under the securities laws of any foreign jurisdiction and any purported grant of any Option or issue or sale of Common Shares hereunder in violation of this provision shall be void.
- (c) The Corporation shall have no obligation to issue any Common Shares pursuant to the Plan unless such Common Shares shall have been duly listed, upon official notice of issuance, with the Stock Exchange. Common Shares issued and sold to Participants pursuant to the exercise of Options may be subject to restrictions or limitations on sale or resale under applicable securities laws.
- (d) If Common Shares cannot be issued to a Participant upon the exercise of an Option due to legal or regulatory restrictions, the obligation of the Corporation to issue such Common Shares shall terminate and any funds paid to the Corporation in connection with the exercise of such Option will be returned to the applicable Participant as soon as practicable.
- (e) Without limiting any other provision of this Section 1.7(d)(x), the Corporation may condition the grant of any Option or the issue or sale of any Common Shares hereunder to any person that is a "U.S. person" as defined in Regulation S under the U.S. Securities Act of 1933, as amended, upon receipt of such representations, warranties and undertakings

from such person as the Corporation may determine to be necessary or convenient for compliance with U.S. laws and U.S. tax requirements, including for example the matters set forth on Schedule "A" to this Plan.

The Plan shall be effective upon the approval of the Plan by:

- (a) the Stock Exchange; and
- (b) the Shareholders, given by the affirmative vote of a majority of the votes attached to the Common Shares entitled to vote and be represented and voted at an annual or special meeting of the holders of such Common Shares held in accordance with the rules of the Stock Exchange, among other things, to consider and approve the Plan.

The proceeds from any sale of Common Shares issued upon the exercise of Options shall be added to the general funds of the Corporation and shall thereafter be used from time to time for such corporate purposes as the Board may determine.

1.11 Tax Withholdings

The Corporation shall be entitled to withhold from any amount payable to a Participant, either under this Plan or otherwise, such amount as may be necessary so as to ensure that the Corporation is in compliance with the applicable provisions of any federal, provincial or local law relating to the withholding of tax or other required deductions. It is the responsibility of the Participant to complete and file any tax returns which may be required within the periods specified under applicable laws as a result of the Participant's participation in the Plan. The Corporation shall not be responsible for any tax consequences to a Participant as a result of the Participant's participation in the Plan. Notwithstanding the foregoing, no Common Shares will be issued on the exercise of Options until an amount sufficient to cover any applicable withholding taxes payable on the exercise of such Options has been received by the Corporation.

1.12 Miscellaneous

- (a) Nothing contained herein shall prevent the Board from adopting other or additional compensation arrangements, subject to any required approval.
- (b) Nothing contained in the Plan nor in any Option granted thereunder shall be deemed to give any Participant any interest or title in or to any Common Shares of the Corporation or any rights as a shareholder of the Corporation or any other legal or equitable right against the Corporation whatsoever other than as set forth in the Plan and pursuant to the exercise of any Option.
- (c) The Plan does not give any Participant or any employee of the Corporation or any of its Associated Companies, Affiliated Companies, Subsidiary Companies or Controlled Companies the right or obligation to or to continue to serve as a Consultant, director, officer or employee, as the case may be, of the Corporation or any of its Associated Companies, Affiliated Companies, Subsidiary Companies or Controlled Companies.

The awarding of Options to any Eligible Person is a matter to be determined solely in the discretion of the Board. The Plan shall not in any way fetter, limit, obligate, restrict or

constrain the Board with regard to the allotment or issue of any Common Shares or any other securities in the capital of the Corporation or any of its Subsidiary Companies other than as specifically provided for in the Plan.

- (d) No fractional Common Shares shall be issued upon the exercise of Options granted under the Plan and, accordingly, if a Participant would become entitled to a fractional Common Share upon the exercise of an Option, or from an adjustment pursuant to Section 1.4(d), such Participant shall only have the right to purchase the next lowest whole number of Common Shares and no payment or other adjustment will be made with respect to the fractional interest so disregarded.

An Eligible Person may receive Options on more than one occasion under the Plan and may receive separate Options on any one occasion.
- (b) The Board may, in its discretion, select any directors, officers, employees or Consultants of the Corporation or any of its Subsidiary Companies to participate in this Plan.
- (c) The Board may from time to time, in its discretion, grant Options to any Eligible Person upon the terms, conditions and limitations set forth herein and such other terms, conditions and limitations permitted by and not inconsistent with this Plan as the Board may determine, provided that Options granted to any Eligible Person shall be approved by the Shareholders or Disinterested Shareholders (as the case may be) if the rules of the Stock Exchange require such approval.

2.2 Exercise Price

An Option may be exercised at a price (the "**Exercise Price**") that shall be fixed by the Board at the time that the Option is granted, but in no event shall it be less than the Market Price. The Exercise Price shall be subject to adjustment in accordance with the provisions of Section 1.4(c) hereof.

2.3 Exercise of Options

- (a) The period during which an Option may be exercised (the "**Option Period**") shall be determined by the Board at the time the Option is granted, subject to any vesting limitations that may be imposed by the Board in its sole unfettered discretion at the time such Option is granted, provided that:
 - (i) all Options expire on the date (the "**Expiry Date**") set out by the Board on the date of the grant and as described in the applicable Certificate, provided that no Option shall be exercisable for a period exceeding ten (10) years from the date the Option is granted;

- (ii) the Option Period shall be automatically reduced in accordance with Section 2.3(e) below upon the occurrence of any of the events referred to therein; and
 - (iii) no Option in respect of which Shareholder or Disinterested Shareholder approval is required under the rules of the Stock Exchange shall be exercisable until such time as such Option has been so approved.
- (b) Notwithstanding any other provision of the Plan, if the Expiry Date falls on, or within nine (9) Business Days immediately following, a date upon which such Participant is prohibited from exercising any vested Option due to a black-out period or other trading restriction imposed by the Corporation, then the Expiry Date of such Option shall be automatically extended to the tenth (10th) Business Day following the date the relevant black-out period or other trading restriction imposed by the Corporation is lifted, terminated or removed. The foregoing extension applies to all Options regardless of the date of grant and shall not be considered an extension of the term thereof as otherwise referred to in the Plan.
- (c) Notwithstanding any other provision of this Plan, in the event of an actual or potential Change of Control Event, the Board may, in its discretion, without the necessity or requirement for the agreement or consent of any Participant:
 - (i) accelerate, conditionally or otherwise, on such terms as it sees fit, the vesting date of any Option;
 - (ii) permit the conditional exercise of any Option, on such terms as it sees fit;
 - (iii) otherwise amend or modify the terms of the Option, including for greater certainty permitting Participants to exercise any Option, to assist the Participants to tender the underlying Common Shares to, or participate in, the actual or potential Change of Control Event or to obtain the advantage of holding the underlying Common Shares during such Change of Control Event; and
 - (iv) terminate, following the successful completion of such Change of Control Event, on such terms as it sees fit, the Options not exercised prior to the successful completion of such Change of Control Event. The determination of the Board in respect of any such Change of Control Event shall for the purposes of this Plan be final, conclusive and binding.
- (d) Options shall not be transferable or assignable by the Participant otherwise than by will or the laws of descent and distribution, and shall be exercisable during the lifetime of a Participant only by the Participant and after death only by the Participant's legal representative.
- (e) Subject to Section 2.3(a) and except as otherwise determined by the Board:
 - (i) if a Participant ceases to be an Eligible Person for any reason whatsoever other than death, each Option held by the Participant will cease to be exercisable on the earlier of the original Expiry Date and 12 months after the Termination Date. If any portion of an Option is not vested by the Termination Date, that portion of the Option may not under any circumstances be exercised by the Participant. Without limitation, and for greater certainty only, this provision will apply regardless of whether the Participant was dismissed with or without Cause and regardless of whether the Participant received compensation in respect of dismissal or was

entitled to a period of notice of termination which would otherwise have permitted a greater portion of the Option to vest with the Participant; and

- (ii) if a Participant dies, the legal representative of the Participant may exercise the Participant's Options on the earlier of the original Expiry Date and within 12 months after the date of the Participant's death, but only to the extent the Options were by their terms exercisable on the date of death.
- (f) The Exercise Price of each Common Share purchased under an Option shall be paid in full in cash, by bank draft or certified cheque, or by wire transfer at the time of such exercise, and upon receipt of payment in full, but subject to the terms of the Plan, the number of Common Shares in respect of which the Option is exercised shall be duly issued as fully paid and non-assessable.
- (g) Subject to Section 1.11 and any other provisions of this Plan to the contrary, upon the exercise of Options pursuant to this Section, the Corporation shall use its reasonable efforts to forthwith deliver, or cause the registrar and transfer agent of the Common Shares to deliver, to the relevant Participant (or his or her legal or personal representative) or to the order thereof, a certificate representing the number of Common Shares with respect to which Options have been exercised.
- (h) Subject to the other provisions of this Plan and any vesting limitations imposed by the Board at the time of grant, Options may be exercised, in whole or in part, at any time or from time to time, by a Participant by written notice given to the Corporation as required by the Board from time to time.

2.6 Right to Issue Other Shares
